## TO BE SATISFIED WITH ONE MILLION

James Gerard, Chairman of Democratic Financial Committee. Thinks Two Million Excessive

### SENATE HEARING REOPENS

No Limit on Size of Contributions, Witness Says, Some Men Having Given \$5,000

(By United Press)

Washington, D. C., Sept. 22.—Democrats will be satisfied with a million dollar campaign fund, James Gerard, chairman of the democratic financial committee, today told the senate expenditures investigating committee.

Two million dollars would be an excessive fund, according to Gerard, the first witness before the committee today.

He added that he would return the money if he got as much as \$3,000,000.

So far \$128,821 has been raised, he said. Gerard told the committee of the organization of the democratic fund machinery.

Bernard Baruch was invited to serve on the committee, but declined, Gerard said. Efforts are being made to form a democratic fund raising organization all over the country, he said, and declared he would furnish a list of the state organizers.

The national organization, Gerard declared, would work independently as an organization headed by W. Jameson, democratic financial director, who is conducting a letter writing campaign.

Kenyon asked about Tammany's activities.

Gerard said Tammany is undoubtedly raising money but had not yet contributed to the national fund.

"Rich democrats are as scarce as hen's teeth," Gerard said. "Thank heavens we have a few of them."

Gerard said he had placed no limit on individual contributions and name contributors who gave \$5,000 each, including Franklin D. Roosevelt, vice-presidential nominee. The financial statement showed that W. G. McAdoo gave \$1,000 and Secretary of War Baker, \$50, Gerard said.

No federal office holders will be asked for money, he said.

Gerard declared he understood \$275,000 would be spent for publicity and that Gov. Cox's special train is costing \$100,000.

Denouncing as "bunk" and "ball room politics," Governor Cox charges that the republicans have set out to raise a huge corruption fund for 1920 campaign, William Thompson, chairman of the republican ways and means committee,

## FARMER PAINFULLY HURT Frank Cross is Trampled by a Colt This Morning

Frank Cross was painfully injured this morning at his home, north of Rushville while engaged in breaking colts. One of the animals knocked him down, and bruised him about the face and body. Mr. Cross was not seriously injured, but the colt stepped on him in several places and bruised his body. One of his eyes was injured, and several gashes were cut on his face, but no stitches were required to close the wounds. The injuries will compel Mr. Cross to be laid up for a few days, but nothing serious is expected to result.

## HAWAIIAN TROUPE WILL OPEN COURSE

Toots Paka and Company to Give First Number of Series Under Auspices of American Legion

### COMPANY ON SEPTEMBER 30

The first of a series of six numbers of the winter lyceum course which will be given here under the auspices of Rush post No. 150, American Legion, of this city, will take place Thursday night, September 30, when the Toots Paka Hawaiian troupe will appear in a concert at the Graham Annex auditorium.

There will be six numbers on the winter course, one of which will be a double header, so to speak. An Indian concert company and an Indian lecturer will combine in giving one program. Season tickets are selling rapidly at \$2.00 each. The talent is being provided by the Mutual Lyceum Bureau of Chicago. Only 350 season tickets will be sold. After they are all taken only single admission tickets for each number will be available.

Toots Paka, who heads the company which will be the first of the course, is said to be the most authentic interpreter of Hawaiian music in America. Her company is composed of five Hawaiian men who offer an artistic and novel program. Toots Paka is recognized as the one Hawaiian who brought the music of her native land to America and made it popular, and her supremacy still remains unchallenged. Her troupe has made a large number of the best selling phonograph records.

## INQUIRY FAILS TO PRODUCE EVIDENCE

Investigation of New York Explosion Expected to End Today With Nothing Accomplished

### BOMB WARNING AT BROOKLYN

(By United Press)

New York, Sept. 22.—The grand jury was expected to complete its investigation of last week's bomb explosion in Wall Street today. There was every indication the testimony of scores of witnesses had failed to produce any evidence.

The assistant district attorney reported the district sweeping from Wall and Broad streets had been examined and several broken window weights which were used as slugs had been examined. They were found to be covered with a whitish substance that resembled the residue of an explosion. They will be subject to a chemical analysis.

A bomb warning was received at the Brooklyn postoffice today. A post card was dropped in the mail box of the office about 11 a. m. and read:

"Clear the building at 12:15 a. m. Saturday for me. T. N. T. Thank you."

The collector of internal revenue said although the card evidently was written as a hoax every precaution will be taken to guard the building.

## SUSPENDS RULE TO PASS ORDINANCES

One Authorizes Rushville to Move From a Fifth to Fourth Class City

### PAVING PETITION COMES UP

Council Orders Plans and Specifications For Construction of Two Blocks of Cement

Aside from the passage of three ordinances, two of which were on second reading, the meeting of the city council was not of very great importance last night. Rules were suspended and all three ordinances were put on third and final reading, and their passage was completed last night.

The first ordinance regulates the kind of sewer taps and the size of pipes to be used in the future in this city, and anyone who is contemplating making sewer connections should familiarize themselves with the ordinance as a penalty is provided for failure to comply with its provisions.

The next ordinance was the final passage of the bill authorizing the City of Rushville to become a city of the fourth class, instead of a fifth class city. The ordinance was passed in order that the business should be carried on in the same manner, with no increases in salaries of city officials.

The last ordinance passed was rushed through with all three readings and given final passage. It granted the Standard Oil Company the right to install a gasoline service station at the corner of First and Morgan streets, the construction of the driveways being allowed, under the condition that they conform with the city streets.

The two petitions calling for a cement street West in Water from Main to Morgan, and north to First street were again brought up before the council. The petitions were signed by property owners, and ask that the two streets be paved with cement.

The council instructed the city engineer to draw up plans and specifications, and the two blocks of paving will no doubt be built next spring. This paving will form a letter "L" and will connect several garages with the main thoroughfares which are already paved.

Mullins & Taylor, who are constructing a building in First street between Main and Morgan streets, were granted a building permit last night, having filed a petition to that effect. The building is to be erected as a fire proof structure to conform with the ruling of the state department which regulates the building of garages.

Ambrose Gohring and several residents in the vicinity of Arthur and Seventh streets, petitioned the council for a street light at the alley in Arthur street, between Sixth and Seventh streets, the petition stating that there is no light at that place.

Will Havens, street commissioner, announced that a new permanent street crossing has been completed at the 3rd St. crossing and Lake Erie and Big Four railroads. The crossing was put in by the city and the two railroads, and concrete railroad ties were used, so that the crossing will be permanent.

Supt. A. T. Mahin, of the water and light plant, announced that the city was receiving coal more regularly now and that the price paid for several cars recently was \$6.75 a ton, instead of \$8 and \$9.00 as paid for coal many times this summer. He stated that there was a 15 day supply on hand now.

### WOODMEN TO MEET

All members of the Modern Woodman lodge are requested to attend the meeting Thursday night, at which time a watermelon feast will be served. A big attendance is desired.

### 238 MILLION PAID ROADS

Washington, D. C. Sept. 22.—Approximately \$238,000,000 has been paid by the government to the railroads under the guarantee clause of the Esch-Cummins transportation law, it was learned today.

## HUSBAND GAVE HER BLACK EYE, CHARGE

Bertha Hendricks Files Suit for Divorce From Elmer Hendricks—2 Divorces are Filed

### OTHER COURT MATTERS

William Fair Says He Has Lived Without Wife For Four Years and Wants Divorce

Two divorce suits were filed today in circuit court which evens up for the two that were dismissed yesterday in the circuit court. One action today was brought by the wife and in the other one the husband is plaintiff and accuses his wife.

Bertha Hendricks in her complaint for divorce from Elmer Hendricks, alleges that on September 15, when they separated, her husband gave her a black eye, and because of his cruel treatment she asks a divorce, support, a restraining order against her husband and the restoration of her former name.

Mrs. Hendricks alleges that her husband called her vile and infamous names, slapped her, cursed her, and on the day of their separation blacked her eye, and threatened her life if she had him arrested.

Because of the threats, she asks the court to issue a restraining order, so that he will be prohibited from molesting her. She asks further that because of children by a former marriage, that her former name Bertha Moezing be restored. The plaintiff also asks support money.

William C. Fair alleges in his action for divorce from Mary E. Fair, that she abandoned him over four years ago, and that he has been unable to induce her to live with him. He says that they were married in August 1911 and separated in August 1916.

After having lived four years without his wife, he now demands a divorce, on the grounds of abandonment.

Anna B. Smith, a former grocer in the west part of the city, brought an account suit against Edith McKee this morning in circuit court, demanding \$75 judgment on a bill of goods, which the plaintiff maintains cannot be collected.

Lettie Vohland, defendant in a divorce action pending in the court, with Charles Vohland plaintiff, this morning filed a petition with the court for a change of venue from the county. No action was taken today on the petition. Mrs. Vohland last spring filed suit for divorce, it was not granted, and the husband then filed suit this summer.

Benjamin F. Young this morning dismissed his appeal in the case filed against him by Lulu J. Reed, in a suit for possession. The case was heard in Squire Stech's court some time ago, and judgment for the plaintiff was rendered, to which the defendant appealed to the circuit court.

### SCHOMELS WILL BE TRIED

Jury Summoned For Trial in Circuit Court Thursday

Howard and Deanna Schomel, husband and wife, will go on trial in the morning in circuit court on a charge of contributing to the negligence of a juvenile, and today the jury was summoned for service. The specific charge is for mistreating a 2½ year old baby, and it will be recalled that the charge was placed against them last week after neighbors had complained about the father and step-mother unmercifully beating the baby with a heavy board. The child is said to be suffering from spinal trouble. The case was filed in Squire Stech's court, then transferred to the juvenile court and later to the criminal docket in the circuit court. A heavy fine and imprisonment may be returned by the jury, in case of finding the defendants guilty.

## USED OF STEALING PIG

John Johnson is Arrested on Affidavit Filed by Arthur Messick

An affidavit was filed today in Squire Stech's court against John Johnson, charging him with petit larceny and accuses him of stealing "82 pounds of pork on foot," otherwise known as a pig. The charge was preferred by Arthur Messick, and the charge is that he took a pig on March 8, 1920, and it was then valued at \$12.90.

Judgment for the plaintiff was rendered this morning in this court in the case of Will Robbins against M. J. Mascari, the sum being \$177.71 and costs. The case was heard last Saturday, and involved an account on a load of watermelons.

## STANDARD OIL TO PUT UP A SERVICE STATION

Buys Lot, 100 by 42½ Feet, at Corner of Morgan and First Streets From Mullins & Taylor

### BUILDING TO COST \$10,000

A deal was closed today between the Standard Oil Company, an Indiana corporation, and Mullins and Taylor, local garagemen, whereby the Standard Oil company purchased a corner site on the Sleeth property at the corner of First and Morgan streets, and will erect a modern filling station.

The entire lot was owned by Mullins and Taylor, and the corner lot with 42½ feet in First street and 100 feet in South Morgan street, was purchased by the Standard Oil company. Mr. Thompson, a representative of the company, appeared before the council last night to request the passage of an ordinance, and made known the plans of his company.

He stated that the company would erect a modern building, to cost \$10,000, which add materially to the business district of the city. He told the councilmen that the custom of the Standard Oil company was to build only in larger cities, and that the station here was the first of its kind to be erected in a city of this size. At present time a similar station is nearing completion at Shelbyville.

Mr. Thompson states that possession of the lot would be given on October first, and that as soon as the brick building can be disposed of, the construction would start at once, and he expected to have the service station completed before winter.

## STORM SWEEPING SOUTHEAST COAST

Transportation and Communication Lines Tied up and Extent of Damage is Unknown

### REPETITION OF 1915 FEARED

(By United Press)

New Orleans, La., Sept. 22.—Transportation and communication lines all along the Louisiana and Mississippi coast were tied up today following a wind storm which struck the middle west and swept inland between New Orleans and Mobile.

The wind reached a velocity of 48 miles an hour. Wires were down and it was impossible to obtain accurate information regarding the damage. One man was known to have been killed and considerable damage was reported.

Louisville and Nashville railroad officials reported considerable damage to their lines east of New Orleans.

The tide was rising at Mobile today. The wind velocity was 36 miles an hour, according to reports.

It was feared that there would be a repetition of the 1915 storm which wrought such damage, and those residents in the outlying districts flocked to the business section of New Orleans and sought shelter.

## EMANCIPATION OF SLAVES RECALLED

Today is 58th Anniversary of Issuing of Proclamation by President Lincoln

### IT IS NOT CELEBRATED HERE

Many Local People Recall Circumstances When President Proclaimed Freedom of Slaves

Fifty-eight years ago today—September 22, 1862—the people of Rush county were stirred by the news from the National capital that President Lincoln had decided to issue a proclamation of emancipation which would strike the bonds of slavery from thousands of colored people in the south. The Civil War had been in progress for more than a year and thousands of men, many of whom are attending the National G. A. R. encampment in Indianapolis had already joined the Union forces to fight for the preservation of the nation.

The announcement of President Lincoln resulted in wide-spread speculation as to what would develop. Scores of people who were opposed to slavery believed that it would stir the northern armies to the white heat of fighting and that a early termination of the great war could be expected. They contended that if the slaves were liberated the southland would have nothing at stake that would warrant a continuance of the conflict.

There were those, however, who insisted that the action of President Lincoln would only prolong the strife. They advanced the theory that the south would never consent to the surrender of slavery as the slaves were regarded as chattels, bought and paid for.

In many cities having a large colored population Emancipation Day is observed with elaborate ceremonies. In this city, however, the day passes without formal exercises.

The Emancipation Proclamation went into effect January 1, 1863, one hundred days from the date on which Lincoln had announced his determination to issue it.

Politically, the result of the Emancipation Proclamation were enormous. Recognition of the Confederacy thence-forward meaning a flat maintenance of slavery instead of freedom, the entire anti-slavery sentiment of France and Great Britain was thrown against those countries interference, which at once became unthinkable. It drove away from Lincoln many lukewarm northern republicans and brought many local and state defeats to the administration; but it took the president's party "off the fence" and made it a coherent organization with one firm, open principle, for many years unassailable. In the South, as defeat meant emancipation by their enemies, and it would be no worse if done by themselves, some of the leaders, among them Gen. Robert E. Lee, commander-in-chief of the Confederate armies, seriously thought of offering freedom to slaves to fight in their armies in the latter part of the war, hoping to save independence and the control of their own destinies at least. Needless to state that no such policy was ever officially adopted. The war went on until the Confederacy was completely overthrown, and with the passing of that government human slavery was at an end throughout the borders of America forever.

## TO SPEAK IN INDIANAPOLIS

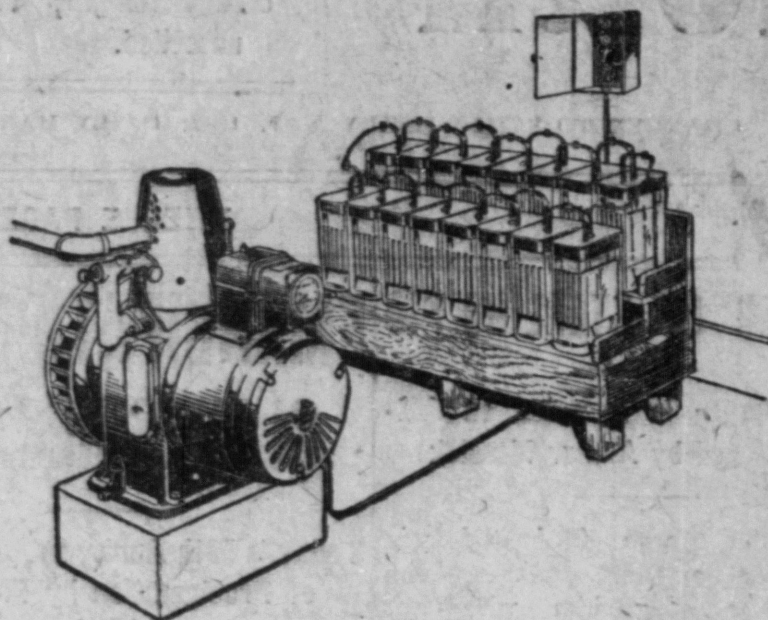

Harding Tour of Middlewest Cities is Announced Today

(By United Press)

Marion, Ohio, Sept. 22.—Two middlewestern speaking trips for Senator Warren G. Harding were announced today, including stops at Indianapolis, Des Moines, Ia., Kansas City, Mo.; Oklahoma City, Okla.; Chattanooga, Tenn.; Louisville, Ky.; and St. Louis, Mo. Harding will be in Indianapolis on the evening of October 15.

### GOODYEAR TIRES

A lot of them are in use around here and users say they're the best on the market.

"They just run and run and run," is the way one of our customers expressed it.

Don't waste time and money with shoddy tires. You never get anywhere with them. Buy Goodyears and end your tire worries.

### BUSSARD GARAGE

We have Goodyear Heavy Tourist Tubes, Too.

## BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

### OVER 1,000 BOY SCOUT CAMPS

This is the biggest "camping out" year in the history of the Boy Scouts of America. There are now almost 300 organized first-class scout camps in the United States and its territories, and enough separate troop camps to swell the number to a little more than 1,000.

By organized first-class camps is meant permanent camps under expert camp directors, each for groups of scout troops and ranging in size from accommodations for three or four troops up to the largest boys' camp in the world, the great Bear Mountain boy scouts camp in Palisades Interstate park, which is filled to overflowing all summer long, and partly filled in wintertime, by the troops of greater New York and of northern New Jersey. There are tents, cots and mess facilities there for 2,200 scouts at one time, with log-cabins for the winter.

Birmingham (Ala.) reports a scout reservation of 106 acres of wooded hills, which has been divided into 40-foot lots, each of which is assigned to a scout troop. The boys cut their logs and build their own cabins, of which twelve or more have been completed, some of them quite elaborate structures. These cabins are used for week-end and over-night hikes as well as for the longer summer outings. It is an all-the-year-round camping place.

Buffalo scouts have a fifty-acre camp site fifty miles from the city and are planning to have a number of "hike cabins" within four or five miles from

## Cedar Posts 45c

We have just unloaded a car of sawed half round 8 foot White Cedar Line Posts. Their face is 6 inches. These posts are cut of the very best white cedar timber.

Government tests recommend the average white cedar posts to last 20 years, and these are far above the average.

This excellent post is offered at the reasonable price of 45 cents.

### Skin Sufferers Do Not Want Mere Temporary Relief

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

## To All Mothers!

Wouldn't you be glad to be relieved of that tiresome task of darning your boy or girl's stockings?

We would take that trouble off your mind if we possibly could, but no hose is made that won't need darning after an "all American" boy or girl wears them.

But we can furnish you with a hose that will make your darning trouble lighter. Our Buster Brown Hose for "all American" boys or girls are built to withstand the severe tests of baseball, football, and all other severe tests.

Buster Brown Hose come in light, medium and heavy weight, in colors of black, brown and white. Try a pair of these hose on your child and be convinced of their wearing quality.

REMEMBER—Our guarantee of satisfaction goes with every purchase in this house.

Not So Absurd After All

When we recall 1914, Senator Harding's assertion that the protective tariff is a real issue does not seem quite so absurd as our democratic friends may attempt to lead us to believe. There is no one with memory so short that they can not remember that times were becoming alarming bad in 1914 and that unemployment was increasing. Mr. Wilson, of course, with one of his fine phrases, told us it was only "psychological depression" and that settled it. And the war came along and changed conditions.

We, of course, can all recall how those conditions were brought about; that they came to pass after Mr. Wilson and his administration began work on the first guaranteed plan to solve the high cost of living. The method was simple enough—let down the tariff bars so the American robber manufacturers could no longer prey on us and the foreign ones could. The genial cost of living was perverse and failed to yield to the persuasive words of Mr. Wilson. But depression did come, just as it will come again when the world becomes stabilized. Mounting imports are a warning that it is not so far distant unless our tariff policy is changed.

Sections of the country which never before reckoned with a protective tariff as a forerunner of good times are being heard from. It is significant that the south, which has been most strongly opposed to the principle of protection in the past, is now most actively engaged in seeking the restoration of tariff legislation which will protect American producers. From the cotton, peanut, seed oil, mohair and wool producers of the south and southwest comes a very vehement demand for protection of their industries from the destructive competition of foreign producers.

This demand for protection from democratic states follows closely on the action of the democratic national convention in adopting a tariff plank reaffirming the traditional attitude of that party toward the tariff question, which attitude is that a protective tariff is unconstitutional. With their own candidates pledged against the enactment of a protective tariff democrats can look only to republicans for the legislation they desire. All advocates of a protective tariff or even of a revenue tariff, should bear this in mind when marking their ballots for United States senator next November.

The senate is now republican by a narrow majority of one vote. The outlook is that the margin will be very slight after the November election. Believers in the republican principle of protection as also believers in the policy of raising as large a proportion of our revenue as possible through the customs houses, should make certain that no act or negligence of theirs will assist in turning the control of the United States senate over to the democrats. Should the republicans lose the control of the senate by even one vote they would thereby lose control of the committees, including the committee on finance which shapes the provisions of tariff legislation.

The tariff legislation enacted by the democratic party has failed both as a measure of protection and as a revenue producer. A compilation of statistics has shown that in seven years were collected to the amount of nearly \$2,200,000,000, or an average rate of 21 percent, while during seven years of the succeeding democratic tariff law there were imports of \$19,705,000,000, on which duties were collected to the amount of only \$1,631,000,000, or an average of 8 percent. The Treasury has lost nearly \$4,000,000,000 in revenue at a time when revenue was one of our greatest needs.

The federal reserve law is regarded as a very good measure. It is one of the boasted achievements of the democratic administration, but it is very easy to see how it could be used to partisan purposes as revealed by a very recent incident. Men interested in the democratic campaign urged the federal reserve board to extend increased credit to certain lines of business, thus enhancing the market value of the stocks of companies engaged in that business, bringing large profits to the owners of the stock, which owners being duly grateful, would contribute liberally to the democratic campaign fund. The board very properly refused to enter into any such scheme, but the matter serves to show that the powers of the board may be very easily prostituted for partisan gain.

There is a bumper crop of American millionaires, thanks to the extravagant expenditure of billions of dollars of government money, recklessness in awarding contracts for government supplies and construction work during the war, and the failure of the government to curb profiteering. The number of men rated as millionaires has increased from 16,000 to 20,000, according to statistics compiled by the bureau of internal revenue. This is a millionaire for each 2,100 inhabitants. On the other hand, there are two million heads of families whose annual income is \$2,000 or less.

According to a report just filed with the senate by the council of national defense, the taxpayers of the country paid for the maintenance of the Creel committee on public information during the war a total of \$8,245,249. Of that amount \$1,250,000 was spent for salaries, \$1,435,000 for printing, and \$583,000 for telegraph and cable services. As a means for disseminating Democratic propaganda, circulating misleading information about our war activities and withholding the true facts in regard thereto, the Creel committee was a big success.

If the farmers want to keep the boys on the farms, they will have to arrange for them to win some of the pig club prizes instead of allowing the girls to carry away all the ribbons.

Washington might take a trip from Mexico City where the secretary of war has issued orders that clerks in his department found useless will be discharged.

Talking about the boy problem is one thing and solving it is another. Also a community needs some tools in bringing about a solution.

Since the Henries are coming down in price, we may expect some others to join in on the chorus soon.

That proposed Memorial Hall would also be a fine little aid in the development of community spirit.

Current Comment

Another Burleson Scheme

If it is true, as asserted by Representative Martin B. Madden of Illinois, that Postmaster General Burleson is responsible for an order issued through the civil service commission virtually forbidding the participation in politics of the women relatives of postoffice employees, then Mr. Burleson is guilty of the most high-handed and outrageous performance of his blundering and inefficient administration.

It is a good enough rule, though far from being strictly enforced, that Federal employees should not figure actively in politics, but by what right does Mr. Burleson or the civil service commission undertake to regulate the political course of the families of these employees? This order is said to designate only the women of the families, but why it does not include the sons and brothers and fathers is not clear. Neither the men nor the women of the families are themselves Federal employees, and what power the commission has to interfere with their activities in any direction needs to be explained.

Presumably Mr. Burleson wishes to prevent the women of the families from voting, for that certainly means participation in politics, and believes they will understand by his order that the men of the service will suffer by losing their jobs if the order is disobeyed. In other words, he undertakes, through the commission, to hold a club over 750,000 women by this implied threat, for he must realize that the discontent in the service through his management will take all those votes away from the Democratic party.

It is said that Mr. Burleson was the instigator of the remarkable appeal made by President Wilson in 1916 for the election of a Democratic Congress that would do his will. This act of Burleson's is a manifestation of the same autocratic idea. It is to be hoped that the women designated will all disregard the order and cast their ballots without fear. Even in the remote possibility of the election of Mr. Cox he would scarcely venture to retain in office so unpopular a person as Burleson or to perpetuate his unsatisfactory system.

IS LEADING IN THE STATE

Harding Has 7,837 and Cox 4,765 in Straw Vote Being Conducted

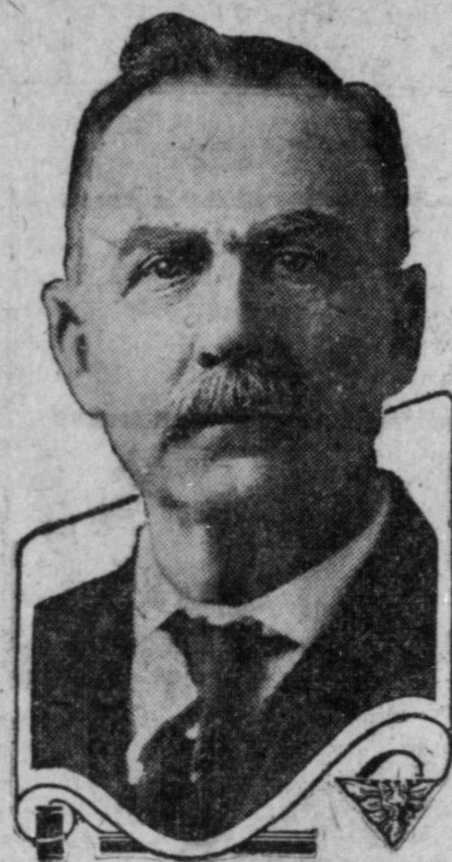

Senator Warren G. Harding, republican candidate for president, is leading his opponent, Governor Cox, 7,837 to 4,765, in the Rexall straw vote in the state, according to a tabulation of returns received here today. Harding led Cox by a ratio of two and a half to one in the same straw vote in the county, a count taken Tuesday revealed.

In the state tabulations, there were 5,673 men and 2,164 women voted for Harding. Cox's vote was 3,500 men and 1,245 women.

INITIATORY DEGREE

Beech Grove lodge No. 339, I. O. O. F., of Arlington, will exemplify the initiatory degree Friday evening. All members are urged to be present and visitors will be welcome.

WM. JOHNSON, of Portland, Ore., who says no one could have done him any greater kindness than the friend who advised him to try Tanlac—Gains fifteen pounds.

"Not in a long time have I enjoyed such good health or felt so well generally as I do since taking Tanlac," said W. H. Johnson, 319 East 43rd St., Portland, Ore., who holds a responsible position with the Northwest Transfer Company.

"About a year ago I began suffering from lack of appetite and stomach trouble and since that time—that is, until Tanlac set me right—I have felt so poorly that I could hardly do my work. My food seemed to do me little good, if any, as my digestion was bad, and I lost both weight and strength continually.

"After every meal there was a dull, nagging pain in the pit of my stomach that kept me feeling miserable for hours.

"The gas from my sour, undigested food would bloat me up terribly and my nerves were so upset that I would lie awake half the night unable to sleep. I was constantly having blinding dizzy spells and could not bend over and straighten up quickly but what everything seemed as dark as night to me.

"I was telling a friend one day how bad I felt and he advised me to try Tanlac and I just want to say he couldn't have done me a greater kindness.

"I have picked up all of fifteen pounds in weight, my appetite is fine, and although I am eating just anything I want my stomach never gives me a particle of trouble. My sleep is sound and restful and my strength and energy have been so renewed that my work is no longer a burden to me."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dalbas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McGarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

# New Tasteless Castor Oil Is Easy To Take

Strength and Purity Remain the Same, But Unpleasant Taste is Removed

A remarkable process perfected by the chemists of Spencer Kellogg & Sons, Inc., has resulted in a great improvement in castor oil, the reliable old family remedy. This new tasteless castor oil has the same strength and purity as the old-fashioned kind. It's 100% pure castor oil. Nothing has been removed but the nauseating taste. Think what this means to mothers and their children. When the doctor says, "Give them castor oil", there need no longer be any trouble. Children need never know they are taking castor oil. Grown-ups will also appreciate the difference between Kellogg's Tasteless Castor Oil and the old-fashioned, nauseating kind. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c., 35c., and 65c. (Advt)

## BROOKVILLE COMES SUNDAY

Tail Lights Will Meet Them For Second Time This Season

The Brookville baseball team, which defeated Arlington last Sunday, will be the attraction here Sunday, meeting the Tail Lights. The Brookville team played here a few weeks ago, and the Tail Lights won by the score of 3 to 2 in a good game of ball. The Brookville manager has loaded up for the game Sunday, and as it is to be played on a percent basis, the visiting team will make a big attempt to win. Cooley will pitch, and when he was here before the Tail Lights couldn't see his curve, and got only eight hits, and as many batters were fanned. Plummer, will pitch for the Tail Lights.

## BUYS THE UNWANTA GARAGE

Frank C. George Gives up Auto Agency and Changes Location

Frank C. George announced today that he had purchased the Uwanta garage in East Second street from Carl Foster and would conduct a general repair and welding business. He may also establish a battery service.

Mr. George is moving from the garage which he has been operating in connection with his Nash agency in Second street, on the public square. He stated this morning that he had given up the auto agency and would no longer deal in automobiles. He bought the tools and stock at the Uwanta garage belonging to Mr. Foster and leased the building from Buford Winship.

## FIREMAN SERIOUSLY SICK

John Willis, a driver at the fire station, was taken suddenly ill yesterday afternoon at the fire department, and later in the afternoon was removed to his home in West First street, where he was reported today as being slightly improved. The physician is of the opinion that he suffered an attack of gall stones, and an operation may be necessary unless his condition improves.

## THE MUFFLER CUT-OUT

THE muffler cut-out is an attachment which enables the automobile to talk out loud.

Until the muffler cut-out was invented the only thing about an automobile that would talk was money. It became necessary to get up something that would take the owner's mind off the cost of upkeep, hence the cut-out was introduced, with the result that its raucous snort may be heard on every country road from coast to coast.

The cut-out has a number of decided advantages, however. When a strong, lusty cut-out is coming around a sharp corner with its mouth wide open it is not necessary to sound the horn, as its language can be heard with perfect ease by anybody who is driving in the next township. By the judicious use of this device the life of many a joy rider who could be spared as well as not has been saved to the community, and the speed man-

Step on the Cut-out and Discover That Two Cylinders Have Laid Off for the Afternoon.

ac who drives on the left side of the road has also been entirely preserved, including his arrow-shaped head-piece.

The muffler cut-out is also useful as a means of informing the driver whether his engine is still in the car or has dropped out through the crank case. Thousands of men drive along in fancied security until they step on the cut-out by accident and discover that two cylinders have laid off for the afternoon. The cut-out tells all about this and also causes the engine to stutter like a span of mules, with the string halt.

In some communities the cut-out is so unpopular that the village con-

stable is hired to suppress its conversation. Various attempts have been made to silence the operation of this device, but the only one that has been found effective is a fine of \$10 and costs and thirty days in the county jail.

## FEED VALUE OF BUTTERMILK

Slightly Lower in Protein and Carbohydrates Than Skim Milk—Excellent for Pigs.

For all practical purpose buttermilk has about the same feeding value for hogs as skim milk, although it is slightly lower in protein, carbohydrates and fat than skim milk. Being high in digestible protein and rich in mineral matter, especially calcium and phosphorus, buttermilk is admirably suited for growing pigs, brood sows and breeding boars. It is an excellent supplement to corn because it furnishes those feed constituents that corn is deficient in.

## RUSH POST TO MEET

A meeting of Rush post of the American Legion will be held at the Red Men's hall Thursday evening, at 7:30 o'clock. It is highly important that every member of the post be present, according to Robert Humes, vice-commander.

# SOCIETY

Mrs. Chauncey Duncan will be hostess for the members of the S. E. T. club Friday afternoon at her home in East Seventh street.

The workers and teachers of the Christian church Bible school are requested to meet in the parlors of the church tomorrow evening after the prayer meeting.

The trustees of the First Baptist church held a meeting yesterday in the church. The building was cleaned and in the afternoon those present enjoyed a watermelon feed.

## Deputy Sheriff Tells Experience

Declares he kept bilious all the time, tongue was coated, breath foul, constipation and gas filled his stomach.

Two bottles of Drego brought quick relief.

"I have certainly been helped by taking this medicine Drego, and don't object to telling about it," declared Mr. Geo. Foley the popular Deputy Sheriff of Lafayette, Ind. "My stomach and liver have been sluggish for some time. After eating I'd bloat up with gas which was very uncomfortable. My bowels were constipated daily. Seemed I staid bilious all the time for I'd have headaches, dizzy spells, foul breath and a vile taste in my mouth.

"So much praise was being given to Drego, the root and herb remedy I got some of it, and it was remarkable how it corrected my troubles. I never have gas in my stomach nor acid risings, my liver has been worked off thoroughly so that I don't get dizzy anymore. I feel good all the time, have fine appetite and sleep sound. Drego is alright and I recommend it's use to my friends.

All druggists now sell Drego and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

Twelve girls honored the seventeenth birthday of Miss Helen Peck last evening when they delightfully surprised her at her home in North Jackson street. The guests enjoyed the informal evening with music, games and contests. Miss Jean Herkless being the winner of the contest. At the close of the party the guests were invited into the dining room which was prettily decorated in the color scheme of pink and white. A large bouquet of asters and a birthday cake adorned with seventeen pink candles formed the decorations for the table. Delicious refreshments were served. The honored guest received many beautiful presents.

A bountiful pitch-in dinner was held Sunday at the home of Mr. and Mrs. Frank Simpson in honor of the former's sister, Mrs. Sarah Phillips of Grant county. The guests included Mr. and Mrs. John Simpson, Mr. and Mrs. Charles Simpson, Miss Mary Simpson, Mr. and Mrs. George Simpson, Mr. and Mrs. Frank Croddy, Mr. and Mrs. Anderson Grose, Mr. and Mrs. Bernice Pruitt and sons Robert and Lowell, Mr. and Mrs. Virgil Simpson and son Ward, Mr. and Mrs. Otis Carr, Mr. and Mrs. Grover Hawk and sons Howard and Ernest, Mr. and Mrs. Ed Wynes and son Norman, Mrs. Mary Barnes and daughter Gurthie, Mr. and Mrs. Charles DeMunbrum, Mr. and Mrs. Dallas Hardwick, Miss Lois Roger Paris, Miss Clara Hinchman, Clarence Simpson, Hilton Simpson, Virgil and Edith Carr, Donald Croddy, Wilma Simpson, Russell and Frank Young.

The Kelso-King reunion was held Sunday at the home of Mr. and Mrs. Ted C. King of Richland township. A bountiful pitch-in dinner was served at noon to the following guests: Mr. and Mrs. Charles H. Kelso, Mrs. Elizabeth Boatman of Topeka, Kansas, Mrs. Mary Kendrick of Brookville, Mrs. Hester King and William Williams of New Salem; Mr. and Mrs. Kenneth Kelso and son William, Mr. and Mrs. Randal Beck, William Dagler, Mr. and Mrs. Lon Kelso and daughter Miss Bernice of Rushville; Mr. and Mrs. Charles O. Kelso and daughter, Mr.

and Mrs. Don McKee and family of Newcastle; Mr. and Mrs. John Kelso and Mr. and Mrs. James McKee of Anderson; Mr. and Mrs. Ray Kelso and son of Indianapolis; Mr. and Mrs. Seth Kelso and daughter and Mr. and Mrs. Thomas Kelso and family, Mr. and Mrs. James P. Kelso and family of Arlington, Mr. and Mrs. Fred Kelso and family of Greenfield; Mr. and Mrs. Charles Dagler and daughter Leona of Hagerstown; Mr. and Mrs. Fred Dagler and family of Gings; Mr. and Mrs. Willard King and family, Mr. and Mrs. Lowell Norris and family, Mr. and Mrs. Roscoe Lefforge and family, Mr. and Mrs. Arlie Warrick, Mr. and Mrs. Clifton Stamm and family, Miss Axine Gwinnup and Kenneth, Virgil and Mildred Wilson.

The Five Hundred club was entertained by Mrs. Ed Pitman at her home in North Harrison street Tuesday evening. Light refreshments were served following an evening at cards.

The local Rebekah lodge will meet tomorrow night in their lodge room in West Second street. All members are urged to be present as the team will be organized for this fall.

Mrs. Flora Sutton, daughter of Joe Miller, and Frank Farley, son of Ward Farley, were united in marriage yesterday afternoon at the Main Street Christian parsonage by the Rev. L. E. Brown.

The Loyal Daughters class of the Main Street Christian church was entertained last evening at the home of Mrs. Wilbur Wilson in North Arthur street. An appropriate program was given, followed by a social hour during which refreshments were served. The assisting hostesses were Mrs. Russell Glendenning, Mrs. John Colvin and Mrs. Norman Crum.

The Freshman class of the Rushville High school, consisting of 63 members, will journey on a wiener roast picnic tomorrow afternoon after school, and will go to the white bridge, two miles north of this city for the feast. The Freshman class is one of the largest in the school, and is thoroughly organized. The different classes in high school have planned picnics. Several teachers will accompany the Freshmen tomorrow afternoon and will act as chaperons for the party. They plan to leave at 3:30 in automobiles.

## TO BE SATISFIED WITH ONE MILLION

Continued from Page One said that Cox is no stranger to Wall Street and that big interests are supporting him.

Thompson was pressed for evidence to support his charges by Senator Reed, a democratic member when the committee recessed.

## RUSH CHAPTER WORK

Rush chapter No. 24 will begin work Monday evening September 24 when there will be work in the R. A. degree. Visitors will be welcome.

## Healing the Sick With Bulgarian Blood Tea

Hundreds of thousands of sufferers from stomach, bowels, blood and rheumatic ailments have been benefited and made healthy and happy once more from just one trial package of this remarkable pure herb preparation. For constipation, sick headache, lost appetite, sleeplessness, biliousness, liver, blood and kidney troubles, no remedy can compare with Bulgarian Blood Tea. Every family should have a package always on hand to protect the family health. To assist Nature to kill a cold take it steaming hot, add a little lemon juice. Guard against influenza, grippe and pneumonia. Ask your druggist or grocer today.

## NOTICE OF ADMINISTRATION

Said estate is supposed to be solvent. MARY E. SHELDON. September 20, 1920. Attest: Loren Martin, Clerk Rush Circuit Court. Douglas Morris, Attorney. Sept 22-29-Oct 6

Monday, Sept. 20th to Saturday, September 25th

## SEWING HELPS

### Super Lisle Elastic

Regal Elastic is made of heavy rubber strands and lisle threads of finest quality. We recommend it for its unusual strength and durability.

### Snap Fasteners

DeLong Snap Fasteners are our leading value—a quality of snap fasteners that fully satisfies.

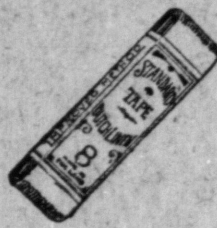

## Home Sewing Week

This is an event we have planned for women who delight in doing their own sewing. Complete displays of New Fall fabrics of the better quality are arranged for this special occasion. Lovely silks for dresses, waists and skirts, fashionable deep-toned woollens for coats and suits, and a variety of cotton fabrics for house dresses, undergarments, and children's wear. Trimmings and sewing helps are exceptionally well represented.

### Ready-made Inside Belts

Made up in all sizes with hooks and eyes rivetted on. Ask to see them.

## SEWING HELPS Extra Fine Dutch Linen Tape

The need for good linen tape suggests Dutch Linen, which comes in a convenient packing, with each piece of average length.

### Kloster Sewing Threads

A lustrous cotton thread in all the wanted silk shades. Buy "Kloster" by the dozen spools for Fall sewing. It is our best thread value.

### Dressmaker's Pins

Come in one-half pound boxes in various sizes. Buy them for your home sewing.

## Perfection of Quality is Attained In These Lovely Autumn Silks

What a distinctly individual fall wardrobe one can plan with new silks of the type of those now ready for your viewing. The quality of the fabrics, the pleasing range of new patterns and colorings, the extraordinary values offered, all point to now as the logical time for choosing. Our silks suggest the very spirit of Autumn, exquisitely adapted for serviceable wear.

## Many New Patterns and Weaves in Woolen Fabrics for Fall

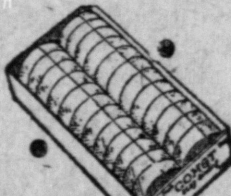

Home Sewing Week ushers in many new and lovely weaves in rich autumn colorings for Fall suits, frocks, skirts and coats. Every yard of these new materials ranks foremost for quality. There are new plaids and checks in medium weight materials—suitable for new skirts. Also serge, tricotine, wool velour and jersey in rich, deep-toned colorings for Autumn costumes.

### Puritan Rick Rack Braid

The acknowledged trimming for house dresses, aprons and children's dresses. "Puritan" is the superior quality that the name implies.

### Comet Stay Binding

The high quality of "Comet" Stay Binding makes it best suited for finest uses.

## SPECIALS

DARK AND LIGHT OUTINGS—27 inches wide, good quality at a yard.....38c  
DRESS GINGHAMS—Special lots at a yard.....38c and 45c  
APRON GINGHAM—Special, a yard.....25c

The articles described here are Sewing Helps of the quality that every woman loves to use. They are shown in complete assortments in the notions department.

# The Mauzy Company

## WARNS SUGAR DEALERS

Washington, D. C., Sept. 22.—Price Expert Weatherly of the justice department today sounded a warning to sugar dealers not to boost their prices. There is no excuse for it, he said, and prospects are good for sugar. Weatherly urged housewives not to lay in a big supply of sugar, now that the prices are down, saying that it would give ground for reports of a sugar shortage.

## REFUSE NOMINATION

Paris, Sept. 22.—The radical group in the French national assembly today nominated Roal Peret and Leon Bourgeois to oppose Premier Millerand for president. Bourgeois, president of the senate, refused the nomination and Peret, president of the Chamber of Deputies, mentioned as a possibility before Millerand, agreed to the nomination at that time, but refused to contest with Millerand.

Organs of hearing are found only in some butterflies and especially in those flying by day.

## PROBES BALL GAMBLING

Chicago, Ill., Sept. 22.—Charles A. Comiskey, owner of the Chicago White Sox, went before the county grand jury investigating alleged crooked base ball here late today. "The Old Roman" was the first witness to tell the investigators what he knew about reports and rumors of gambling in the national game.

**Determining Height of Mountains.** The height of mountains is ascertained by barometric observation, showing the pressure of atmosphere at the lower and higher levels. An instrument called the mountain barometer is graded especially for this purpose. It can also be done with a level, a instrument and theodolite, but either way requires technical knowledge.

**Puritans Used No Wedding Ring.** The Puritans of the seventeenth century used no ring at the wedding ceremony, as they considered it "a pagan symbol and superstitious contrivance." All they required was that the man and woman should join hands when stating their purpose to live together in wedlock.

## TWO MARRIAGE LICENSES

The following marriage licenses were issued yesterday afternoon: Francis V. Bischoff of Indianapolis and Edith Wewee, daughter of Mr. and Mrs. Leonard Wewee of near this city; Frank Farley and Mrs. Flora Sutton of this city. Mrs. Sutton was granted a divorce from her former husband in this court last Saturday.

## STOP-ITCHING ECZEMA Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

## Concerning Your Son

Hundreds of young men here will have opportunities in the next few years to buy into growing concerns or to establish new business enterprises. If your son is to be one of these men, you should have him cultivate, meanwhile, close relations with a good bank.

Call now with your son and introduce him to one of our officers.

# Farm

## Salesmen Wanted

Prospective farm buyers to the number of 7500 each week are writing to or calling at our offices in America's twelve largest cities as the result of our country-wide advertising.

We have sold more than 21,000 improved farms. We now wish to secure the services of reliable men to act as our local representatives in desirable farming sections in Indiana.

The capital business methods and reputation of the largest farm agency in the world, established in 1900, will be behind you and if you will do your part, your success is assured.

Unless you have been successful in other ventures and enjoy the respect and confidence of your townsmen, do not apply. Previous experience not necessary, but you must own an automobile.

Our business is paying capable men \$3,000 to \$7,500 yearly. State all particulars in first letter regarding your age, business experience and whether you are a property owner. All communications and information will be held in strict confidence.

## SALES JUMP IN FIRST TWO WEEKS

Real Estate Transfers Climb to \$135,655 Which Exceeds Any Period For Several Months

MANY FARMS ARE SOLD.

Biggest Transaction is 160 Acre Farm in Walker Which Sold For \$34,400

Real estate transfers in Rush county took a bound for the first half of September, when the total sales recorded here amounted to \$135,655.00, which is almost double any previous two weeks period for several months.

A 160 acre farm was sold to Jefferson Lantz in Walker township by Clinton Banning, which brought the highest price. The consideration was \$34,400. A close second was a 99 acre farm in Anderson township, which brought \$24,805. This farm was purchased by Richard Fleehart from Elizabeth Ralston.

Many smaller farms were sold in the county, ranging from \$4,000 to \$12,000, but city real estate was not so strong during the two week period, the highest being \$10,500.

The transfers for the first two weeks in this month are as follows: George M. Helm and Anna C. Helm to Charlie J. Fisher, west half of the north half of Lot 166 in Pugh, et al, as Guardian's addition to Rushville \$10,500.

Richard Reed, et ux, to Hungate Wholesale Co., a parcel of land in Ripley twp., \$50.

Frank and Clara Willis, to Rolla T. and Armilda J. Grocox, west half of lot 20 in Homer and a small tract adjacent to same, \$750.

Florence E. Pearce to Loyd T. Nelson, north half of lot 24 in L. Sexton's heirs second addition to Rushville, \$2,000.

James A. Root, et al, trustees' Milroy Lodge 204 K. of P. to Charles S. Houghland, part of lot 16 in the original plat of Milroy, \$1500.

Louisa Green to George E. Muire, lot 8 in Root and Smith's addition of Milroy, \$1100.

Minnie and Charles Rucker to Pauline Jane Morris, lot 11 and 12 in James W. Green's First Addition to Arlington, \$3500.

Grant Hinchman, administrator estate of Andrew Moffett to Orlando W. Jackson, a parcel of land in Glenwood near R. A. Durbin's addition \$2200.

Mary J. Bohannon to Elsie McDaniel north half of lot 32 in L. Sexton's Heirs second addition to Rushville, \$3,000.

Sarah E. and Clinton K. Banning to Jefferson Lantz, 160 acres in Walker twp., \$34,400.

Charles McDaniel, et al, to William C. Thompson, quit claim to 1 1/2 acres in Orange township, \$1.00 etc.

Charles G. and Elman H. Green to Mary and Bessie B. Knotts, part of lot 21 in L. Sexton's Heirs second addition and a part of lot 7 in Norris Brothers' addition to Rushville \$1 and other considerations.

East Hill Cemetery Co., to Frank L. and Thomas E. Logan lot 149 in Section 9 of the cemetery, \$225.

Ulysses S. C. Miller, et ux, to Benjamin F. Stiers, 61 acres in Anderson twp., \$12,100.

Eliza L. Tunning and Silas Tunning, to Abe Traylor, lot 7 in Trees' and Spencer's addition to Manilla \$210.

East Hill Cemetery Co. to James M. Gwinn, lot 6 in Section 9 of the Cemetery, \$225.

Robert F. and Lillie M. Ramer to Bertha Tonies, undivided one-half interest in 120 acres in Anderson twp., \$7,800.

Edward and Minnie Adkins to William N. and George Hinshaw sub lots 21 and 22 in East Side Park addition to Carthage, \$80.

John E. Duncan to Wilbur E. Chance, lots 20 and 22 in Lillie M. Rea's addition to Falmouth, \$200.

Elizabeth R. Ralston to Richard and Alma W. Fleehart, 99.22 acres in Anderson twp., \$24,805.

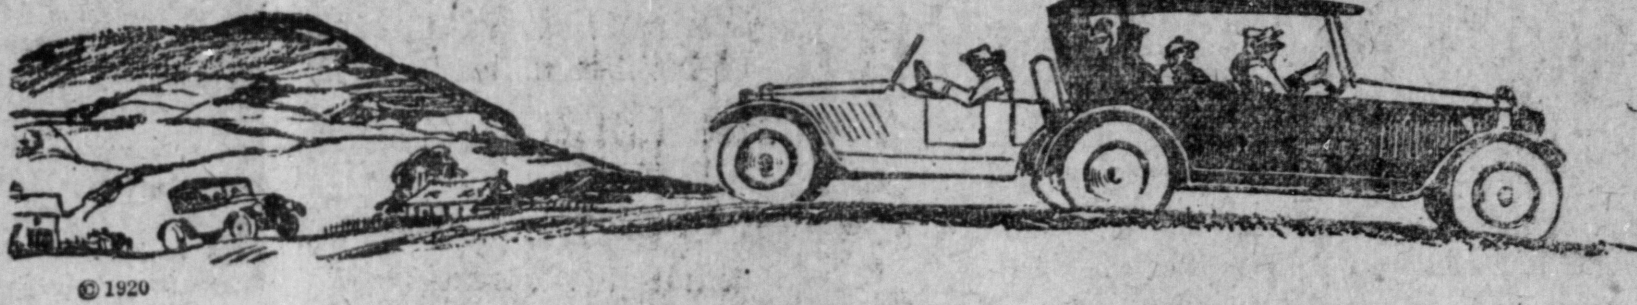

Anna Geraghty to George F. Heck and Edna May Heck, lot 78 in Payne et al. Trustees Addition to Rushville \$2,000.

Ernest C. and Lillie A. Cummins, to Donald L. Mull and James W. Murdock a lot in Homer, adjacent to a lot owned by Homer Lodge #71, I. O. O. F., \$1200.

Lenora A. Blackledge to Charles S. Green, lot 3 and the north half of lot 2 in Citizen's Bldg., Loan and Saving's Association Addition to Rushville, \$6,000.

John F. and Sarah E. George to Verne E. Lewis, 20 acres in Richland twp., \$3500.

Milton R. and Anna Huggins to George and William N. Hinshaw, sub lots 15, 16, 17, 18, 19, 20, 1, 2, 3,

## Look at the roads for twenty miles around on a Sunday

**T**HERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

II

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

III

That's one thing we like about U. S. Tires.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile — large or small — he's entitled to the very *best tire* they can give him.

Quality has always been the *outstanding feature* of U. S. Tires. There's *no limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

IV

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

**ELMORE GIBSON**

BUTTON and MILLER, Auctioneers.

Lunch served on grounds at noon.

## GERMAN PEOPLE ARE STARVING

The Rev. H. Wolam, Friends Minister of Spiceland, Draws Picture of Condition of That Country

### TUBERCULOSIS IS RAMPANT

Minister Was Sent to London Conference of Friends and Toured European Countries

Newcastle, Ind., Sept. 22.—Germany, vanquished and starving, is the picture drawn by Rev. H. Wolam, Friends minister of Spiceland, in a communication to The Courier from Berlin. With laborers hardly able to buy one meal with a day's wage, and with tuberculosis attacking the underfed children, the German people indeed face a discouraging prospect, according to the minister.

Rev. Wolam was sent to the London conference of Friends by churchmen of Henry county. After attending the conference Rev. Wolam made a tour of European countries and made an especial investigation of the work of the American Friends' Service committee in Germany, with the intention of making a detailed report when he returned home.

Rev. Wolam arrived back in Spiceland last evening, probably having come across the Atlantic on the same boat with his communication to The Courier or very soon after.

Rev. Wolam's communication to The Courier is in full as follows: "Perhaps you will be interested in a line from an enemy country.

"I am now at a hotel on 'Unter Den Linden' in Berlin and one has a feeling that he is in the country of

vanquished foe. On the road coming into Ostend we saw the 'Midstire,' which was sunk in the harbor by the British and for many miles there were ruins suggesting the aftermath of war.

"An army captain advised that we stay out of the unoccupied country, but we have had no trouble and have been shown every courtesy by the people here.

"We have traveled for days without seeing an American-made car, although I am told there is a Ford here in Berlin. There are no private cars and except for the few taxis there would be practically no automobiles on Sunday. In Hamburg, the city that was once the fourth shipping center in the world, there are practically no sea-going ships to be seen except some unfinished ones to be turned over to the allies when complete.

"The Hamburg-American building houses are now the offices of the Hoover Food Administration and American Friends Service committees. The mail houses are empty in many instances although our committee has almost a million dollars worth of food in stock here.

"There is much employment and that coupled with the rise in prices and the depreciation of the mark, causes much suffering. It costs more than the average wage of a day laborer to buy one good meal.

"Yesterday I visited some of the centers where the American Friends Service committee is feeding the children and the conditions are such that the average American would not believe them.

"In such hotels as this, one may have enough to eat if he has the money but the working classes are actually hungry. Only children certified by the physicians as undernourished are being fed and the tuberculosis is rampant. Sickness is quite common. I saw any number of crooked legs and nearly all of them were sad-eyed and pale-faced and do not remember when they had a square meal.

"We visited this morning a deserted palace and it was very much scarred by Bolshevik bullets. Tonight we go to Lucerne, Switzerland, and from there to Paris, where we expect to spend some days on the battle fronts."

## Public Sale Dates

If you contemplate holding a sale I will appreciate your date as soon as possible as you will note by this ad that I am constantly giving your sale that same broad advertising that I have always given in the past.

RUSHVILLE, INDIANA

## Middle Age at 35 or 60?

Physician Explains Why Lack Of Iron In the Blood Saps the Strength and Vitality and Often Makes Men and Women Look and Feel Old Before Their Time.

By Dr. Ferdinand King, New York Physician and Medical Author

Signs of old age are plainly to be seen in many a man and woman who ought still to be enjoying the rugged health and activity of the early years of life. Yet often the real cause of their decline is nothing more than lack of iron in the blood and it is surprising how quickly these conditions are frequently corrected once the right kind of iron is supplied.

I am constantly coming across cases in my practice where people not yet 40 show much of the nervousness, lack of energy and general run-down condition which might possibly be expected to come twenty years later in life while others at 60 may still be young in feeling, mentally alert with steady nerves and strong bodies.

Whether we have health and long life is often a question which each one must determine for himself. Signs of old age are largely due to a deposit of waste matter in the blood vessels and cells of the body. Without plenty of strength the blood is utterly lacking in the

power to overcome this slow poisoning process and keep the body strong and healthy. To make up for this deficiency I usually prescribe organic iron like Nuxated Iron which by enriching the blood and creating thousands of new red blood cells helps renew the wasted tissues and build strength and energy to withstand the ravages of time. I know of no more simple means by which a person can find out if his blood needs iron than by making the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous run-down people in two weeks' time in many instances. You can procure Nuxated Iron from your druggist on an absolute guarantee of satisfaction or your money will be refunded.

## LAUNCHES DRIVE TO WIN ORGANIZED LABOR

Republicans Have Support of Many Labor Heads Who Will Work For Senator Harding

JAMES CANVASSES ILLINOIS

Marion, Ohio, Sept. 22.—The republican drive to win organized labor over to Senator Warren G. Harding was formally under way today.

A number of labor men have been in Marion for conferences with the candidate. Each have gone away with the announcement he intends to work for the election of the republican labor ticket. This apparently was the republican counter offensive against the efforts of Samuel Gompers, president of the American Federation of Labor, to win the labor vote for Governor Cox.

Several labor leaders in outlining the extent of the situation regarding Senator Harding, declared "Labor is not so dissatisfied with its present condition as it is alarmed over what may come."

"I find that miners who are republicans are going to support Harding and those who are democrats are going to support Cox," W. James representing the American Mine Workers of Illinois, declared. He has been on the stump for Senator Harding.

"President Gompers' efforts to deliver the labor vote to the democratic ticket will fail just as it has always failed," he said. "The democratic effort to control the labor vote and particularly the miners resulted in failure because the working man has studied the record of the two parties and the candidates and their programs and has made such an appeal that the democratic propaganda has failed completely."

## TATTOOING IS DYING OUT

Few Service Men Contracted The Habit While in France

Washington, Sept. 22.—According to Marine officers, the practice of tattooing is fast dying out in the services. Few contracted the habit in France, and the higher type of men who have been joining the service ever since the outbreak of war, frown on the old predilections for the adornments that sea-faring men picked up in the South Seas and in China. One of the most common in the old days was the blue outline of a pig on the instep of the victim. This is still a great favorite in China where superstitious natives

## GOITRE

Removed by External Home Treatment for Dayton Lady

Note: It would be illegal to publish these statements if they were not true.

Mrs. Louise Will, 228 Gettysburg Ave., Dayton, O., says in her own home paper, the Dayton Daily News: "Sorbol Quadruple removed a goitre two years ago and it has never bothered me since. The pressure and throbbing on my throat was relieved in two days. The goitre disappeared in three weeks. I am glad to tell my experience even by letter."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

Get information at Johnson's Drug Store, drug stores everywhere or write Sorbol Company, Mechanicsburg, Ohio.—(Adv.)

Why continue to waste fuel by inefficient heating methods when it's so high and scarce? You can have better heating at less cost with the Caloric Pipeless Furnace. The

**PIPELESS CALORIC FURNACE**  
IS SAVING 1/3 TO 1/2 THE FUEL IN OVER 100,000 BUILDINGS

The Caloric is the original pipeless furnace triple-casing patent. Heats buildings of 18 rooms or less through one register. We sell the Caloric because we know it is a proven success. It circulates pure, healthful, clean heat in every room, upstairs and down. Burns any fuel. Temperature regulated from first floor. Installed in old homes or new, usually in one day. Costs less than stoves required to heat the same space. Sold under the money-back guarantee of The Monitor Stove Company, Cincinnati, Ohio, and backed by our own personal guarantee of your complete satisfaction. Come in and see the Caloric and find out about its many exclusive advantages.

## WHAT MAKES A BANK GROW?

Careful, thoughtful, diligent men and women are more likely to have money to put in a bank than careless, idle, thoughtless men and women.

A careful person in choosing a Bank considers first, safe conservative management, and then—SERVICE—which includes Courtesy, Accuracy, sufficiently well trained men to do the bank's work quickly, smoothly and accurately.

He wants, also a commercial bank to be able to lend him as much credit as his business needs and is entitled to borrow.

So when you see a Bank grow from year to year you may know that it is the kind of Bank into which the kind of people who have money like to put their money.

THIS BANK WELCOMES NEW BUSINESS.

believe that the device is a sure fetic against death by drowning, and from China seafaring men and adventurers carried the device, often not knowing its significance, into general use.

## IS PRINCIPAL AT CADIZ

Charles C. Urdike, at Milroy Last Year, Accepts Henry Co. Place

Charles C. Urdike, formerly of Milroy and this city, has accepted a position as principal of the Cadiz high school in Henry county, according to an announcement in the Newcastle Courier.

The authorities experienced much difficulty in obtaining a principal for the Cadiz school and finally made a contract with Mr. Urdike. The former Rush county man was principal of the Milroy high school last year and previous to that time was principal at Manila. During the time that he was at the head of the Manila school, Mr. Urdike was a resident of Rushville.

## WARFARE MAY BE RESUMED

Clashes Reported Between Sinn Feiners and Government

Dublin, Ireland, Sept. 22.—Increased frequency of clashes between Sinn Feiners and government forces today indicated a resumption of guerrilla war fare.

Sporadic fighting between soldiers and Sin Feiners brought a death toll yesterday when Inspector Burk of the police department, was shot dead from ambush. His brother was seriously wounded.

In the heart of the city a mass of "republicans" defended a small body of soldiers. There was a sharp fight. Two soldiers and two civilians were wounded. Minor clashes throughout the district were reported.

TOKYO—A party of government officials and legislators acted as the escort for the American Congressional party on its visit to Japan, just concluded.

## FARM ANIMALS

### POINTERS FOR BEEF GROWERS

One Method of Bringing Down Prices of Meat Is Improvement in Type of Animals.

General improvement in the type and quality of beef animals the country over is one of the means urged by the United States Department of Agriculture for bringing down the high cost of meat to the consumer and, at the same time, increasing the profit of the producer. Some of the most es-

The Demand for Purebred Stock is Steadily Increasing.

essential items in growing beef on the farm, specialists of the department say, are:

Plenty of pasture and feed.

The right kind of cows—those that will produce good calves regularly.

A good, pure bred registered bull—one that will sire good calves persistently.

A large calf crop. This means that all cows shall drop calves, and that the calves shall be properly cared for at birth.

Proper care of the breeding herd and the calves.

Selection of good heifer calves to replace old or inferior cows.

Prevention of disease among the breeding herd and the younger stock.

Shelter sufficient to protect the cattle from both severe cold and extremely hot weather.

A practical knowledge of fattening cattle for market.

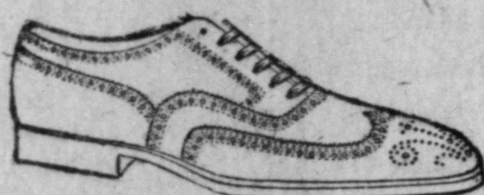

Marketing to advantage.

There is a farmers' bulletin, No. 1073, on growing beef on the farm that may be had free on application to the Division of Publication, United States Department of Agriculture.

## Put it up to this store

We have made a study of feet and shoes. It is our business to know that your requirements are different from the other fellow's. If you think you are hard to fit or hard to suit, put it up to us. ### RULES FOR LIVE STOCK MEN

Satisfied Purchaser Is Best Advertisement and Breeder Should Live Up to Guarantees.

Here are ten good rules for live stock breeders, vouched for by the animal husbandry men at the New York State College of Agriculture at Ithaca:

Be honest.

Choose a breed, and stick to it.

Breed with the correct type in mind.

Study pedigree for inherited characteristics, relative merit and value.

Keep your herd or flock free from disease.

Develop the young animals and maintain the breeding animals through wise feeding and management.

Boost better live stock in your community.

Advertise judiciously.

Exhibit at the county, state and other live stock shows.

Remember that a satisfied purchaser is your best advertisement. So be prompt in registering and transferring animals, and make good all guarantees.

### Dry Farming.

Dry farming is a scientific farming of land where there is a limited or unfavorable distribution of rainfall. Irrigation is not practiced, the fertility and moisture of the soil being managed by a system of deep cultivation, rotation of crops and the "plowing in" of green crops.

### To Destroy Red Ants.

Soak a sponge in sweetened water, wring and place where the ants have easy access to it. They will swarm over it and through it. Drop the sponge in boiling water and repeat the operation until the colony becomes alarmed at the loss of its workers and abandons the premises.

\*\*\*\*\*  
The Worst is Yet to Come  
Washington, Sept. 22—When Captain Newton Best, commanding a company of Marines at the Pearl Harbor naval station in Honolulu, read that Private C. R. Wurst had been declared by Brig. Gen. Smedley D. Butler as the smartest soldier at Quantico Va., he immediately filled out a requisition blank for Wurst. The form followed, although not strictly according to General Hoyle's read: "It is requested that Wurst be put in Best's company." Now it is up to Wurst whether he wants to serve a few thousand miles from his home in Elizabeth, N. J. Out in Honolulu the ukeles are tuning up to the refrain, "The Worst is yet to come".

DECLINE IN PRICES OF MEAT

Bureau of Crop Estimates Notes Drop in Amount Paid for Pork, Beef, and Mutton.

The advance in the monthly average price of hogs per 100 pounds received by producers, which began with February, 1916, comparison being made with the same month in the preceding year, continued without a break to August, 1919, and the advance was from \$7.07 to \$10.30. Since August, 1919, the fall from month to month was continuous to \$12.66 in December, followed by a rise to \$13.36 in January, 1920, or \$2.33 below the January price in 1919, according to the reports of the bureau of crop estimates, United States department of agriculture.

The average price of sheep per 100 pounds received by producers throughout the whole year had an upward movement from 1913 to 1918, from \$4.54 to \$10.94, the principal increase being in 1917. The average for 1919, \$8.58, is a drop of \$1.36 from that for 1918, or 12 per cent.

From 1915 to 1918, the average price of beef cattle per pound to producers invariably advanced from year to year in each month and the advance continued from 1918 to 1919 until May, after which month the average price in 1919 fell below that of 1918 in each month, and the average price for January, 1920, was \$8.99, or 66 below that for January, 1919. In the upward movement, the highest monthly average price reached was \$10.84 in May, 1919.

Veal calves gained in average price in every month of every year since 1915, the comparison being with the same month of the preceding year.

It Costs No More to Feed a Purebred Hog Than It Does a Scrub.

and the price being per 100 pounds to producers. The yearly average price rose from \$7.63 in 1915 to \$12.74 in 1919.

Eskimos of Alaska are decreasing in population.

No Pain in Our Methods of Testing

Those who imagine that a visit to the Optometrist is as much to be feared as a visit to the dentist, are quite mistaken, for your eyes are not touched in any way by our methods.

We use no drugs or drops but employ only the latest scientific methods of testing.

Our rooms are private and the actual sight testing is not in any way unpleasant.

Call today and let us thoroughly test your sight and give you advice which will be for your personal good and well being.

# Grove's Iron Tonic Syrup

## Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets; and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its Strengthening, Invigorating Effect.

The Syrup is flavored and children love to take it. Contains no Nux-Vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother and The Grandmother with perfect safety.

**Grove's Iron Tonic Syrup**

Price 60 Cents.

**E. W. Grove**

Look for this signature on the package.

## Looks Like a Stove —Heats Like a Furnace

Get two heating systems in one. Not just a stove, not a furnace, but a combination of both. Note the pipes on each side. Fresh air goes in at the bottom—warm air comes out at the top. Creates constant circulation of warm air that will heat several rooms.

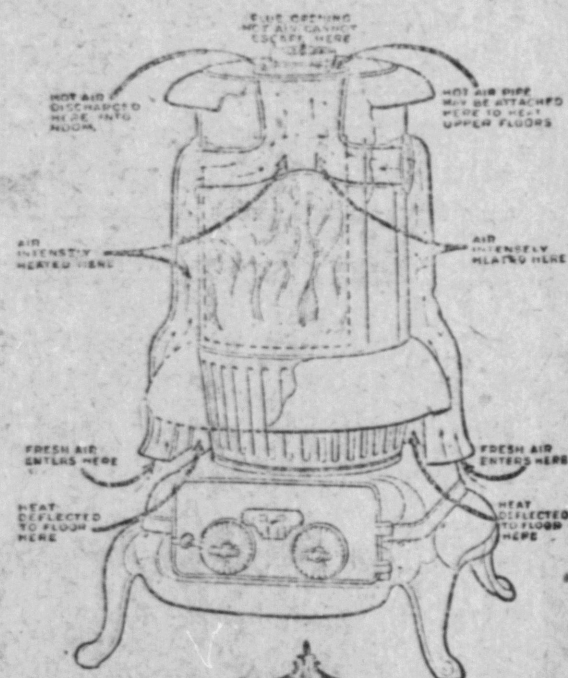

Come in and see this new heater—the

## Estate Hot Storm

—the Stove with a "Little Furnace" in it.

If you are using an ordinary stove, this double heater will save you a large percentage of the heat that now goes up your chimney. Don't waste valuable fuel. Make your fuel give you two kinds of heat instead of one—direct radiation and warm air circulation. Come in and learn how you can save a big share of your fuel bills with an Estate Hot Storm by getting it now. Burns any kind of fuel.

### Amusements

#### Alice Brady at Princess Today

It wasn't leap year. But the girl knew her own heart. Unfortunately, the man she loved didn't know his. He was a noted doctor and he knew a lot about spines and nerves and things, but nothing about that most fascinating and wonderful thing in the world—a woman's heart. He had done just about everything he could think of to hurt and humiliate and bruise the heart of the one woman in all the world who had ever really interested him. And in spite of his cleverness he still remained in dire ignorance of the state of her heart and his own. Things were really at a pretty pass. The girl was as proud as a Lady Lucifer, proud enough to dare to be humble to him! It takes real pride to dare so much as lovely Katherine Dereham dared. Was he worth hit? Well she thought so. Maybe you will think so too, when you know all the facts in the case, which will be presented in the Princess theatre today. The play is "A Dark Lantern", the picture a Realart success, the star is versatile Alice Brady, supported by one of the strongest casts ever gathered for one of her picture-dramas, and the director John S. Robertson, the man responsible for many of the best pictures you have ever seen.

#### "Little Blue Devil"

Refreshing exercises under the guise of "The Little Blue Devil" with Mabel McCane as the featured player, make their entree at the Shubert-Murat theatre, Indianapolis, for one week, commencing Monday, September 27.

With Miss McCane comes a cast of many names known to Broadway theatergoers. Harry Puck, for instance, is new here except that some years ago he played in the varieties under the firm name of Harry and Eva Puck. His sister Eva is now one of the outstanding favorites in "Trene". In "The Little Blue Devil" Harry is the male imp which gives him opportunity to dance, sing and play the piano, all of which he does very well.

Wilbur Cox, known from "Three Showers" on Broadway, Frank Dawson who played the villainous butler in "At 9035", Alma Youlin, Elsa Thomas, Julie Barnett, Merle Steyens, Edward Wakefield, and George Phelps are among the notable members of the cast.

"The Little Blue Devil" is on its way to Chicago where it opens at the Shubert-Garrick Theatre late in November. The history of this comedy is interesting. It first appeared some years ago as "The Blue Mouse" from the pen of the late Clyde Clyde Fitch. Last spring it was revived by Joe Weber who secured the services of Harry Carrol and Harold Atteridge to write music and adaptation. It first appeared with its new dress in Philadelphia and then went to New York.

Mabel McCane was chosen or the title role some years ago, but her contracts in vaudeville theatres delayed producing the musical comedy. Songs were written especially for her. The story concerns an ambitious railroad secretary who seeks promotion by involving his chief, the railroad president in all sorts of tangles with an actress known as "the blue devil".

## Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3-, 30x3½- and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dort or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

### COAL PRODUCTION HIGHER

H. W. Little, Secretary of Southern Indiana Bureau. Makes Report

(By United Press.)  
Evansville, Ind., Sept. 22.—Coal production in the Southern coal region of Indiana showed an increase during the period from April 1920 to Sept. 1, as compared with the same period during 1919 according to reports made public today by Harry W. Little, secretary of the Southern Coal bureau here.

The number of hours the miners works exceeded the working hours for 1919 by nearly 1,000 hours, according to the report.

### When a Doctor Sneezes

Doctors, out in all kinds of weather, suffer frequently from colds yet seldom seriously.

There's a good reason. Doctors realize the danger and upon appearance of the first symptoms of cold begin taking medicine to check its progress.

Follow the doctors' example and you too will escape the serious consequences of neglect. Take Lightning Laxative Quinine Tablets as soon as you feel a cold coming on. They stop a cold right off; ward off fever, cleanse intestines; never gripe or sicken. Druggists guarantee them; only 25c a box.

## TO BE SATISFIED WITH ONE MILLION

James Gerard, Chairman of Democratic Financial Committee. Thinks Two Million Excessive

### SENATE HEARING REOPENS

No Limit on Size of Contributions, Witness Says, Some Men Having Given \$5,000

(By United Press)

Washington, D. C., Sept. 22.—Democrats will be satisfied with a million dollar campaign fund, James Gerard, chairman of the democratic financial committee, today told the senate expenditures investigating committee.

Two million dollars would be an excessive fund, according to Gerard, the first witness before the committee today.

He added that he would return the money if he got as much as \$3,000,000.

So far \$128,821 has been raised, he said. Gerard told the committee of the organization of the democratic fund machinery.

Bernard Baruch was invited to serve on the committee, but declined, Gerard said. Efforts are being made to form a democratic fund raising organization all over the country, he said, and declared he would furnish a list of the state organizers.

The national organization, Gerard declared, would work independently as an organization headed by W. Jameson, democratic financial director, who is conducting a letter writing campaign.

Kenyon asked about Tammany's activities.

Gerard said Tammany is undoubtedly raising money but had not yet contributed to the national fund.

"Rich democrats are as scarce as hen's teeth," Gerard said. "Thank heavens we have a few of them."

Gerard said he had placed no limit on individual contributions and name contributors who gave \$5,000 each, including Franklin D. Roosevelt, vice-presidential nominee. The financial statement showed that W. G. McAdoo gave \$1,000 and Secretary of War Baker, \$50, Gerard said.

No federal office holders will be asked for money, he said.

Gerard declared he understood \$275,000 would be spent for publicity and that Gov. Cox's special train is costing \$100,000.

Denouncing as "bunk" and "hall room politics," Governor Cox charges that the republicans have set out to raise a huge corruption fund for 1920 campaign, William Thompson, chairman of the republican ways and means committee, Continued on Page Six

## "VETS" ACCLAIMED IN FINAL REVELRY

Thousands Parade Streets of Indianapolis as Last Event of G. A. R. Encampment

### LINE OF MARCH IS MILE LONG

(By United Press)

Indianapolis, Ind., Sept. 22.—The Grand Army of the Republic was loudly acclaimed today as several thousand of its members paraded through the streets of Indianapolis.

Many of the veterans marched to the accompaniment of the life and drum corps, which put on the spirit of '60. Those unable to march except by the aid of canes and crutches, rode in automobiles.

The "vets" passed in review before their commander-in-chief, Daniel Hall.

As the fifers tooted out the tune of "Yankee Doodle" and other familiar tunes and the drummers kept time, the old boys smiled and threw back their shoulders.

The parade was the last organized revelry of the G. A. R. national encampment. The line of march was a mile long and was lined with spectators.

## FARMER PAINFULLY HURT

Frank Cross is Trampled by a Colt This Morning

Frank Cross was painfully injured this morning at his home, north of Rushville while engaged in breaking colts. One of the animals knocked him down, and bruised him about the face and body. Mr. Cross was not seriously injured, but the colt stepped on him in several places and bruised his body. One of his eyes was injured, and several gashes were cut on his face, but no stitches were required to close the wounds. The injuries will compel Mr. Cross to be laid up for a few days, but nothing serious is expected to result.

## HAWAIIAN TROUPE WILL OPEN COURSE

Toots Paka and Company to Give First Number of Series Under Auspices of American Legion

### COMPANY ON SEPTEMBER 30

The first of a series of six numbers of the winter lyceum course which will be given here under the auspices of Rush post No. 150, American Legion, of this city, will take place Thursday night, September 30, when the Toots Paka Hawaiian troupe will appear in a concert at the Graham Annex auditorium.

There will be six numbers on the winter course, one of which will be a double header, so to speak. An Indian concert company and an Indian lecturer will combine in giving one program. Season tickets are selling rapidly at \$2.00 each. The talent is being provided by the Mutual Lyceum Bureau of Chicago. Only 350 season tickets will be sold. After they are all taken only single admission tickets for each number will be available.

Toots Paka, who heads the company which will be the first of the course, is said to be the most authentic interpreter of Hawaiian music in America. Her company is composed of five Hawaiian men who offer an artistic and novel program. Toots Paka is recognized as the one Hawaiian who brought the music of her native land to America and made it popular, and her supremacy still remains unchallenged. Her troupe has made a large number of the best selling phonograph records.

## INQUIRY FAILS TO PRODUCE EVIDENCE

Investigation of New York Explosion Expected to End Today With Nothing Accomplished

### BOMB WARNING AT BROOKLYN

(By United Press)

New York, Sept. 22.—The grand jury was expected to complete its investigation of last week's bomb explosion in Wall Street today. There was every indication the testimony of scores of witnesses had failed to produce any evidence.

The assistant district attorney reported the district sweeping from Wall and Broad streets had been examined and several broken window weights which were used as slugs had been examined. They were found to be covered with a whitish substance that resembled the residue of an explosion. They will be subject to a chemical analysis.

A bomb warning was received at the Brooklyn postoffice today. A post card was dropped in the mail box of the office about 11 a. m. and read:

"Clear the building at 12:15 a. m. Saturday for me. T. N. T. Thank you."

The collector of internal revenue said although the card evidently was written as a hoax every precaution will be taken to guard the building.

## SUSPENDS RULE TO PASS ORDINANCES HUSBAND GAVE HER BLACK EYE, CHARGE

One Authorizes Rushville to Move From a Fifth to Fourth Class City

### PAVING PETITION COMES UP

Council Orders Plans and Specifications For Construction of Two Blocks of Cement

Aside from the passage of three ordinances, two of which were on second reading, the meeting of the city council was not of very great importance last night. Rules were suspended and all three ordinances were put on third and final reading, and their passage was completed last night.

The first ordinance regulates the kind of sewer taps, and the size of pipes to be used in the future in this city, and anyone who is contemplating making sewer connections should familiarize themselves with the ordinance as a penalty is provided for failure to comply with its provisions.

The next ordinance was the final passage of the bill authorizing the City of Rushville to become a city of the fourth class, instead of a fifth class city. The ordinance was passed in order that the business should be carried on in the same manner, with no increases in salaries of city officials.

The last ordinance passed was rushed through with all three readings and given final passage. It granted the Standard Oil Company the right to install a gasoline service station at the corner of First and Morgan streets, the construction of the driveways being allowed under the condition that they conform with the city streets.

The two petitions calling for a cement street West in Water from Main to Morgan, and north to First street were again brought up before the council. The petitions were signed by property owners, and ask that the two streets be paved with cement.

The council instructed the city engineer to draw up plans and specifications, and the two blocks of paving will no doubt be built next spring. This paving will form a letter "L" and will connect several garages with the main thoroughfares which are already paved.

Mullins & Taylor, who are constructing a building in First street between Main and Morgan streets, were granted a building permit last night, having filed a petition to that effect. The building is to be erected as a fire proof structure to conform with the ruling of the state department which regulates the building of garages.

Ambrose Gohring and several residents in the vicinity of Arthur and Seventh streets, petitioned the council for a street light at the alley in Arthur street, between Sixth and Seventh streets, the petition stating that there is no light at that place.

Will Havens, street commissioner, announced that a new permanent street crossing has been completed at the 3rd St. crossing and Lake Erie and Big Four railroads. The crossing was put in by the city and the two railroads, and concrete railroad ties were used, so that the crossing will be permanent.

Supt. A. T. Mahin, of the water and light plant, announced that the city was receiving coal more regularly now and that the price paid for several cars recently was \$6.75 a ton, instead of \$8 and \$9.00 as paid for coal many times this summer. He stated that there was a 15 day supply on hand now.

### WOODMEN TO MEET

All members of the Modern Woodman lodge are requested to attend the meeting Thursday night, at which time a watermelon feast will be served. A big attendance is desired.

### 238 MILLION PAID ROADS

Washington, D. C. Sept. 22.—Approximately \$238,000,000 has been paid by the government to the railroads under the guarantee clause of the Esch-Cummings transportation law, it was learned today.

Bertha Hendricks Files Suit for Divorce From Elmer Hendricks—2 Divorces are Filed

### OTHER COURT MATTERS

William Fair Says He Has Lived Without Wife For Four Years and Wants Divorce

Two divorce suits were filed today in circuit court which evens up for the two that were dismissed yesterday in the circuit court. One action today was brought by the wife and in the other one the husband is plaintiff and accuses his wife.

Bertha Hendricks in her complaint for divorce from Elmer Hendricks, alleges that on September 15, when they separated, her husband gave her a black eye, and because of his cruel treatment she asks a divorce, support, a restraining order against her husband and the restoration of her former name.

Mrs. Hendricks alleges that her husband called her vile and infamous names, slapped her, cursed her, and on the day of their separation blacked her eye, and threatened her life if she had him arrested.

Because of the threats, she asks the court to issue a restraining order, so that he will be prohibited from molesting her. She asks further that because of children by a former marriage, that her former name Bertha Mazingo be restored. The plaintiff also asks support money.

William C. Fair alleges in his action for divorce from Mary E. Fair, that she abandoned him over four years ago, and that he has been unable to induce her to live with him. He says that they were married in August 1911 and separated in August 1916.

After having lived four years without his wife, he now demands a divorce, on the grounds of abandonment.

Anna B. Smith, a former grocer in the west part of the city, brought an account suit against Edith McKee this morning in circuit court, demanding \$75 judgment on a bill of goods, which the plaintiff maintains cannot be collected.

Lettie Vohland, defendant in a divorce action pending in the court, with Charles Vohland plaintiff, this morning filed a petition with the court for a change of venue from the county. No action was taken today on the petition. Mrs. Vohland last spring filed suit for divorce, it was not granted, and the husband then filed suit this summer.

Benjamin F. Young this morning dismissed his appeal in the case filed against him by Lulu J. Reed, in a suit for possession. The case was heard in Squire Stech's court some time ago, and judgment for the plaintiff was rendered, to which the defendant appealed to the circuit court.

## SCHOMELS WILL BE TRIED

Jury Summoned For Trial in Circuit Court Thursday

Howard and Deanna Schomel, husband and wife, will go on trial in the morning in circuit court on a charge of contributing to the negligence of a juvenile, and today the jury was summoned for service. The specific charge is for mistreating a 2 1/2 year old baby, and it will be recalled that the charge was placed against them last week after neighbors had complained about the father and step-mother unmercifully beating the baby with a heavy board. The child is said to be suffering from spinal trouble. The case was filed in Squire Stech's court, then transferred to the juvenile court and later to the criminal docket in the circuit court. A hearing and imprisonment may be returned by the jury in case of finding the defendants guilty.

## USED OF STEALING PIG

John Johnson is Arrested on Affidavit Filed by Arthur Messick

An affidavit was filed today in Squire Stech's court against John Johnson, charging him with petit larceny and accuses him of stealing "82 pounds of pork on foot," otherwise known as a pig. The charge was preferred by Arthur Messick, and the charge is that he took a pig on March 8, 1920, and it was then valued at \$12.90.

Judgment for the plaintiff was rendered this morning in this court in the case of Will Robbins against M. J. Mascari, the sum being \$177.71 and costs. The case was heard last Saturday, and involved an account on a load of watermelons.

## STANDARD OIL TO PUT UP A SERVICE STATION

Buys Lot, 100 by 42 1/2 Feet, at Corner of Morgan and First Streets From Mullins & Taylor

### BUILDING TO COST \$10,000

A deal was closed today between the Standard Oil Company, an Indiana corporation, and Mullins and Taylor, local garagemen, whereby the Standard Oil company purchased a corner site on the Sleeth property at the corner of First and Morgan streets, and will erect a modern filling station.

The entire lot was owned by Mullins and Taylor, and the corner lot with 42 1/2 feet in First street and 100 feet in South Morgan street, was purchased by the Standard Oil company. Mr. Thompson, a representative of the company, appeared before the council last night to request the passage of an ordinance, and made known the plans of his company.

He stated that the company would erect a modern building, to cost \$10,000, which add materially to the business district of the city. He told the councilmen that the custom of the Standard Oil company was to build only in larger cities, and that the station here was the first of its kind to be erected in a city of this size. At present time a similar station is nearing completion at Shelbyville.

Mr. Thompson states that possession of the lot would be given on October first, and that as soon as the brick building can be disposed of, the construction would start at once, and he expected to have the service station completed before winter.

## STORM SWEEPING SOUTHEAST COAST

Transportation and Communication Lines Tied up and Extent of Damage is Unknown

### REPETITION OF 1915 FEARED

(By United Press)

New Orleans, La., Sept. 22.—Transportation and communication lines all along the Louisiana and Mississippi coast were tied up today following a wind storm which struck the middle west and swept inland between New Orleans and Mobile.

The wind reached a velocity of 48 miles an hour. Wires were down and it was impossible to obtain accurate information regarding the damage. One man was known to have been killed and considerable damage was reported.

Louisville and Nashville railroad officials reported considerable damage to their lines east of New Orleans.

The tide was rising at Mobile today. The wind velocity was 36 miles an hour, according to reports.

It was feared that there would be a repetition of the 1915 storm which wrought such damage, and those residents in the outlying districts flocked to the business section of New Orleans and sought shelter.

## EMANCIPATION OF SLAVES RECALLED

Today is 58th Anniversary of Issuing of Proclamation by President Lincoln

### IT IS NOT CELEBRATED HERE

Many Local People Recall Circumstances When President Proclaimed Freedom of Slaves

Fifty-eight years ago today—September 22, 1862—the people of Rush county were stirred by the news from the National capital that President Lincoln had decided to issue a proclamation of emancipation which would strike the bonds of slavery from thousands of colored people in the south. The Civil War had been in progress for more than a year and thousands of men, many of whom are attending the National G. A. R. encampment in Indianapolis had already joined the Union forces to fight for the preservation of the nation.

The announcement of President Lincoln resulted in wide-spread speculation as to what would develop. Scores of people who were opposed to slavery believed that it would stir the northern armies to the white heat of fighting and that a early termination of the great war could be expected. They contended that if the slaves were liberated the southland would have nothing at stake that would warrant a continuance of the conflict.

There were those, however, who insisted that the action of President Lincoln would only prolong the strife. They advanced the theory that the south would never consent to the surrender of slavery as the slaves were regarded as chattels bought and paid for.

In many cities having a large colored population Emancipation Day is observed with elaborate ceremonies. In this city, however, the day passes without formal exercises.

The Emancipation Proclamation went into effect January 1, 1863, one hundred days from the date on which Lincoln had announced his determination to issue it.

Politically, the result of the Emancipation Proclamation were enormous. Recognition of the Confederacy thence-forward meaning a flat maintenance of slavery instead of freedom, the entire anti-slavery sentiment of France and Great Britain was thrown against those countries interference, which at once became unthinkable. It drove away from Lincoln many hokewarm northern republicans and brought many local and state defeats to the administration; but it took the president's party "off the fence" and made it a coherent organization with one firm, open principle, for many years unassailable. In the South, as defeat meant emancipation by their enemies, and it would be no worse if done by themselves, some of the leaders, among them Gen. Robert E. Lee, commander-in-chief of the Confederate armies, seriously thought of offering freedom to slaves to fight in their armies in the latter part of the war, hoping to save independence and the control of their own destinies at least. Needless to state that no such policy was ever officially adopted. The war went on until the Confederacy was completely overthrown, and with the passing of that government human slavery was at an end throughout the borders of America forever.

## BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

### OVER 1,000 BOY SCOUT CAMPS

This is the biggest "camping out" year in the history of the Boy Scouts of America. There are now almost 300 organized, first-class scout camps in the United States and its territories, and enough separate troop camps to swell the number to a little more than 1,000.

By organized first-class camps is meant permanent camps under expert camp directors, each for groups of scout troops and ranging in size from accommodations for three or four troops up to the largest boys' camp in the world, the great Bear Mountain boy scouts camp in Palsades, Interstate park, which is filled to overflowing all summer long, and partly filled in wintertime, by the troops of greater New York and of northern New Jersey. There are tents, cots and mess facilities there for 2,200 scouts at one time, with log-cabins for the winter.

Birmingham (Ala.) reports a scout reservation of 106 acres of wooded hills, which has been divided into 40-foot lots, each of which is assigned to a scout troop. The boys cut their logs and build their own cabins, of which twelve or more have been completed, some of them quite elaborate structures. These cabins are used for week-end and over-night hikes as well as for the longer summer outings. It is an all-the-year-round camping place.

Buffalo scouts have a fifty-acre camp site fifty miles from the city and are planning to have a number of "bike cabins" within four or five miles from

THAT BIND IN SCOUTING. Remember, Scout in Camp—Correct Try, and a Great Variety of Knives is Compulsory Even for the Tenderfoot.

the city, which can be used for week-end purposes.

Joliet (Ill.) council has a cabin and a house built on a lot of about five acres a few miles out from town, and also a permanent camp site thirty miles away. They also contemplate the establishment of still another camp on Lake Michigan, 200 miles away.

## DISCOUNT ON XMAS CARDS

Our samples for Engraved and Embossed Personal Greeting Cards for Christmas and Holidays are now ready for your inspection. For a limited time we will allow a ten per cent discount on all orders, and those who contemplate sending personal greeting cards this year will profit by the discount.

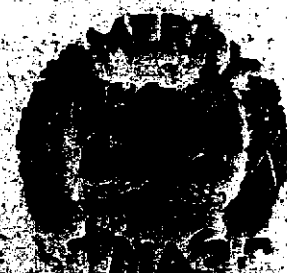

### CHRISTMAS WILL SOON BE HERE!

—Mr. and Mrs. P. A. Newhouse and Mrs. C. L. Newhouse motored to Indianapolis this morning, where they attended the annual encampment of the G. A. R.

—Clyde Hunter has returned to his home in Chicago after spending the week end in Milroy and vicinity with relatives.

—Miss Imogene McKee accompanied Mr. and Mrs. Earl Payne and daughter Elizabeth to Chicago, Ill., yesterday.

—Dr. and Mrs. J. L. Craver and children have recently returned from an extended motor trip through the East, New England and Canada.

—Mrs. Vansicklen and daughter Thelma of New York City, who have been visiting Mrs. O. W. Price, will leave tomorrow for their home in that city.

—Mr. and Mrs. N. P. Fletcher, Allen Daniels, Mrs. Pete Johnson and Miss Verdel Bean motored to Connersville today and attended the celebration of Emancipation Day.

—Mrs. Fany Study and Mrs. Blanche Riley spent yesterday in Indianapolis and visited with their cousin, Will Hunter of Paxton, Ill., who is attending the G. A. R. encampment there.

—Mr. and Mrs. A. J. Kidd of Brazil, who are visiting Mr. and Mrs. G. P. McCarty in this city, went to Indianapolis this morning, accompanied by Mrs. McCarty, where they spent the day attending the G. A. R. encampment.

—J. Frank Hamilton and daughter Leona of Westport, stopped off here for a while today, while en-

**Skin Sufferers Do Not Want Mere Temporary Relief**

Of course, if you are content to have only temporary relief from the terrifying itching and burning of fiery, flaming skin diseases, then you are satisfied to remain a slave to ointments, lotions and other local remedies applied to the surface of the skin.

Real genuine relief from eczema, tetter, scaly eruptions or any other form of skin irritations cannot be expected until you free your blood of the germs which cause these disorders. And for this purpose there is no remedy that gives more satisfactory results than S.S.S., the fine old blood remedy that goes down to the source of every blood disorder and routs out the germs which cause the trouble.

S.S.S. is sold by all druggists. Begin taking it today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. Address Chief Medical Adviser, 155 Swift Laboratory, Atlanta, Ga.

Not So Absurd After All

When we recall 1914, Senator Harding's assertion that the protective tariff is a real issue does not seem quite so absurd as our democratic friends may attempt to lead us to believe. There is no one with memory so short that they can not remember that times were becoming alarming bad in 1914 and that unemployment was increasing. Mr. Wilson, of course, with one of his fine phrases, told us it was only "psychological depression" and that settled it. And the war came along and changed conditions.

We, of course, can all recall how those conditions were brought about; that they came to pass after Mr. Wilson and his administration began work on the first guaranteed plan to solve the high cost of living. The method was simple enough—let down the tariff bars so the American robber manufacturers could no longer prey on us and the foreign ones could. The genial cost of living was perverse and failed to yield to the persuasive words of Mr. Wilson. But depression did come, just as it will come again when the world becomes stabilized. Mounting imports are a warning that it is not so far distant unless our tariff policy is changed.

Sections of the country which never before reckoned with a protective tariff as a forerunner of good times are being heard from. It is significant that the south, which has been most strongly opposed to the principle of protection in the past, is now most actively engaged in seeking the restoration of tariff legislation which will protect American producers. From the cotton, peanut, seed oil, mohair and wool producers of the south and southwest comes a very vehement demand for protection of their industries from the destructive competition of foreign producers.

This demand for protection from democratic states follows closely on the action of the democratic national convention in adopting a tariff plank reaffirming the traditional attitude of that party toward the tariff question, which attitude is that a protective tariff is unconstitutional. With their own candidates pledged against the enactment of a protec-

Have Pains?

Aches and pains seem to be the lot of the ordinary mortal. However, these should be taken simply as nature's warning signals that some part of the human machine is out of order. It is a mistake to resist one's self to physical torture when the cause can be removed.

Foley Kidney Pills

tone up weak, inactive, sluggish kidneys and help rid the blood of poisonous waste matter that causes aches and pains in arms and legs, backache, rheumatic pains, sore muscles, stiff or swollen joints.

Isaac B. Tureman, Ashbury Park, N. J., writes: "My back caused me a great deal of trouble for some time. I experienced sharp, shooting pains which were due to the condition of my kidneys. One bottle of Foley Kidney Pills completely relieved me. The pains left my back. I recommend Foley Kidney Pills to my friends."

F. B. JOHNSON & CO.

the last American but not only to republicans for the legislation they desire. All advocates of a protective tariff or even of a revenue tariff, should bear this in mind when marking their ballots for United States senator next November.

The senate is now republican by a narrow majority of one vote. The outlook is that the margin will be very slight after the November election. Believers in the republican principle of protection as also believers in the policy of raising as large a proportion of our revenue as possible through the customs houses, should make certain that no act or negligence of theirs will assist in turning the control of the United States senate over to the democrats. Should the republicans lose the control of the senate by even one vote they would thereby lose control of the committee, including the committee on finance which shapes the provisions of tariff legislation.

The tariff legislation enacted by the democratic party has failed both as a measure of protection and as a revenue producer. A compilation of statistics has shown that in seven years were collected to the amount of nearly \$2,200,000,000, or an average rate of 21 percent, while during seven years of the succeeding democratic tariff law there were imports of \$19,705,000,000, on which duties were collected to the amount of only \$1,631,000,000, or an average of 8 percent. The Treasury has lost nearly \$4,000,000,000 in revenue at a time when revenue was one of our greatest needs.

The federal reserve law is regarded as a very good measure. It is one of the boasted achievements of the democratic administration, but it is very easy to see how it could be used to partisan purposes as revealed by a very recent incident. Men interested in the democratic campaign urged the federal reserve board to extend increased credit to certain lines of business, thus enhancing the market value of the stocks of companies engaged in that business, bringing large profits to the owners of the stock, which owners being duly grateful, would contribute liberally to the democratic campaign fund. The board very properly refused to enter into any such scheme, but the matter serves to show that the powers of the board may be very easily prostituted for partisan gain.

There is a bumper crop of American millionaires, thanks to the extravagant expenditure of billions of dollars of government money, recklessness in awarding contracts for government supplies and construction work during the war, and the failure of the government to curb profiteering. The number of men rated as millionaires has increased from 16,000 to 20,000, according to statistics compiled by the bureau of internal revenue. This is a millionaire for each 2,100 inhabitants. On the other hand, there are two million heads of families whose annual income is \$2,000 or less.

According to a report just filed with the senate by the council of national defense, the taxpayers of the country paid for the maintenance of the Creel committee on public information during the war a total of \$8,245,249. Of that amount \$1,250,000 was spent for salaries, \$1,435,000 for printing, and \$583,000 for telegraph and cable services. As a means for disseminating democratic propaganda, circulating misleading information about our war activities and withholding the true facts in regard thereto, the Creel committee was a big success.

If the farmers want to keep the boys on the farms, they will have to arrange for them to win some of the pig club prizes instead of allowing the girls to carry away all the ribbons.

Washington might take a trip from Mexico City where the secretary of war has issued orders that clerks in his department found useless will be discharged.

Talking about the boy problem is one thing and solving it is another. Also a community needs some tools in bringing about a solution.

Since the Henries are coming down in price, we may expect some others to join in on the chorus soon.

That proposed Memorial Hall would also be a fine little aid in the development of community spirit.

Current Comment

Another Burleson Scheme

(Indianapolis Star). If it is true, as asserted by Representative Martin B. Madden of Illinois, that Postmaster General Burleson is responsible for an order issued through the civil service commission virtually forbidding the participation in politics of the women relatives of postoffice employees, then Mr. Burleson is guilty of the most high-handed and outrageous performance of his blundering and inefficient administration.

It is a good enough rule, though far from being strictly enforced, that Federal employees should not figure actively in politics, but by what right does Mr. Burleson or the civil service commission undertake to regulate the political course of the families of these employees? This order is said to designate only the women of the families, but why it does not include the sons and brothers and fathers is not clear. Neither the men nor the women of the families are themselves Federal employees, and what power the commission has to interfere with their activities in any direction needs to be explained.

Presumably Mr. Burleson wishes to prevent the women of the families from voting, for that certainly means participation in politics, and believes they will understand by his order that the men of the service will suffer by losing their jobs if the order is disobeyed. In other words, he undertakes, through the commission, to hold a club over 750,000 women by this implied threat, for he must realize that the discontent in the service through his management will take all those votes away from the Democratic party.

It is said that Mr. Burleson was the instigator of the remarkable appeal made by President Wilson in 1916 for the election of a Democratic Congress that would do his will. This act of Burleson's is a manifestation of the same autocratic idea. It is to be hoped that the women designated will all disregard the order and cast their ballots without fear. Even in the remote possibility of the election of Mr. Cox he would scarcely venture to retain in office so unpopular a person as Burleson or to perpetuate his unsatisfactory system.

IS LEADING IN THE STATE

Harding Has 7,837 and Cox 4,765 in Straw Vote Being Conducted

Senator Warren G. Harding, republican candidate for president, is leading his opponent, Governor Cox, 7,837 to 4,765, in the Roxall straw vote in the state, according to a tabulation of returns received here today. Harding led Cox by a ratio of two and a half to one in the same straw vote in the county, a count taken Tuesday revealed.

In the state tabulations, there were 5,673 men and 2,184 women voted for Harding. Cox's vote was 3,560 men and 1,245 women.

INITIATORY DEGREE

Beech Grove lodge No. 339, I. O. O. F., of Arlington, will exemplify the initiatory degree Friday evening. All members are urged to be present and visitors will be welcome.

WM. JOHNSON, of Portland, Ore., who says no one could have done him any greater kindness than the friend who advised him to try Tanlac—Gains fifteen pounds.

"Not in a long time have I enjoyed such good health or felt so well generally as I do since taking Tanlac," said W. H. Johnson, 319 East 43rd St., Portland, Ore., who holds a responsible position with the Northwest Transfer Company.

"About a year ago I began suffering from lack of appetite and stomach trouble and since that time—that is, until Tanlac set me right—I have felt so poorly that I could hardly do my work. My food seemed to do me little good, if any, as my digestion was bad, and I lost both weight and strength continually.

"After every meal there was a dull, nagging pain in the pit of my stomach that kept me feeling miserable for hours.

"The gas from my sour, undigested food would bloat me up terribly and my nerves were so upset that I would lie awake half the night unable to sleep. I was constantly having blinding dizzy spells and could not bend over and straighten up quickly but what everything seemed as dark as night to me.

"I was telling a friend one day how bad I felt and he advised me to try Tanlac and I just want to say he couldn't have done me a greater kindness.

"I have picked up all of fifteen pounds in weight, my appetite is fine, and although I am eating just anything I want my stomach never gives me a particle of trouble. My sleep is sound and restful and my strength and energy have been so renewed that my work is no longer a burden to me."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McGarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

New Tasteless  
Castor Oil  
Is Easy To Take

Strength and Purity Remain the Same, But Unpleasant Taste Is Removed

A remarkable process perfected by the chemists of Spencer Kellogg & Sons, Inc., has resulted in a great improvement in castor oil, the reliable old family remedy. This new tasteless castor oil has the same strength and purity as the old-fashioned kind. It's 100% pure castor oil. Nothing has been removed but the nauseating taste. Think what this means to mothers and their children. When the doctor says, "Give them castor oil", there need no longer be any trouble. Children need never know they are taking castor oil. Grown-ups will also appreciate the difference between Kellogg's Tasteless Castor Oil and the old-fashioned, nauseating kind. Sold by all good druggists. If you want a castor oil absolutely without nauseating taste, insist on genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes, 15c., 35c., and 65c. (Advt)

Tail Lights Will Meet Them For Second Time This Season  
The Brookville baseball team, which defeated Arlington last Sunday, will be the attraction here Sunday, meeting the Tail Lights. The Brookville team played here a few weeks ago, and the Tail Lights won by the score of 3 to 2 in a good game of ball. The Brookville manager has loaded up for the game Sunday, and as it is to be played on a percent basis, the visiting team will make a big attempt to win. Cooley will pitch, and when he was here before the Tail Lights couldn't see his curve, and got only eight hits, and as many batters were fanned. Plummer, will pitch for the Tail Lights.

**BUYS THE UNWANTA GARAGE**  
Frank C. George Gives up Auto Agency and Changes Location

Frank C. George announced today that he had purchased the Unwanta garage in East Second street from Carl Foster and would conduct a general repair and welding business. He may also establish a battery service.

Mr. George is moving from the garage which he has been operating in connection with his Nash agency in Second street, on the public square. He stated this morning that he had given up the auto agency and would no longer deal in automobiles. He bought the tools and stock at the Unwanta garage belonging to Mr. Foster and leased the building from Buford Winship.

**FIREMAN SERIOUSLY SICK**  
John Willis, a driver at the fire station, was taken suddenly ill yesterday afternoon at the fire department, and later in the afternoon was removed to his home in West First street, where he was reported today as being slightly improved. The physician is of the opinion that he suffered an attack of gall stones, and an operation may be necessary unless his condition improves.

**Rann-John Reels**  
By HENRY L. RANN  
**THE MUFFLER CUT-OUT**  
The muffler cut-out is an attachment which enables the automobile to talk out loud.  
Until the muffler cut-out was invented the only thing about an automobile that would talk was money. It became necessary to get up something that would take the owner's mind off the cost of upkeep, hence the cut-out was introduced, with the result that its raucous snort may be heard on every country road from coast to coast.  
The cut-out has a number of decided advantages, however. When a strong, lusty cut-out is coming around a sharp corner with its mouth wide open it is not necessary to sound the horn, as its language can be heard with perfect ease by anybody who is driving in the next township. By the judicious use of this device, the life of many a joy rider who could be spared as well as not has been saved to the community, and the speed maintained.

Step on the Cut-out and Discover That Two Cylinders Have Laid Off for the Afternoon.  
ac who drives on the left side of the road has also been entirely preserved, including his arrow-shaped head-piece.  
The muffler cut-out is also useful as a means of informing the driver whether his engine is still in the car or has dropped out through the crank case. Thousands of men drive along in fancied security until they step on the cut-out by accident and discover that two cylinders have laid off for the afternoon. The cut-out tells all about this and also causes the engine to stutter like a span of mules with the string halt.  
In some communities the cut-out is so unpopular that the village con-

stable is tried to suppress the variation. Various attempts have been made to silence the operation of this device, but the only one that has been found effective is a fine of \$10 and costs and thirty days in the county jail.  
(Copyright.)

**FEED VALUE OF BUTTERMILK**  
Slightly Lower in Protein and Carbohydrates Than Skim Milk  
Excellent for Pigs  
For all practical purpose, buttermilk has about the same feeding value for pigs as skim milk, although it is slightly lower in protein, carbohydrates and fat than skim milk. Being high in digestible protein and rich in mineral matter, especially calcium and phosphorus, buttermilk is admirably suited for growing pigs, brood sows and breeding boars. It is an excellent supplement to corn because it furnishes those feed constituents that corn is deficient in.

**RUSH POST TO MEET**  
A meeting of Rush post of the American Legion will be held at the Red Men's hall Thursday evening, at 7:30 o'clock. It is highly important that every member of the post be present, according to Robert Humes, vice-commander.

# SOCIETY

Mrs. Chauncey Dunean will be hostess for the members of the S. E. T. club Friday afternoon at her home in East Seventh street.

The workers and teachers of the Christian church Bible school are requested to meet in the parlors of the church tomorrow evening after the prayer meeting.

The trustees of the First Baptist church held a meeting yesterday in the church. The building was cleaned and in the afternoon those present enjoyed a watermelon feed.

## Deputy Sheriff Tells Experience

Declares he kept bilious all the time, tongue was coated, breath foul, constipation and gas filled his stomach.

Two bottles of Dreco brought quick relief.

"I have certainly been helped by taking this medicine Dreco, and don't object to telling about it," declared Mr. Geo. Foley the popular Deputy Sheriff of Lafayette, Ind. "My stomach and liver have been sluggish for some time. After eating I'd bloat up with gas which was very uncomfortable. My bowels were constipated daily. Seemed I staid bilious all the time for I'd have headaches, dizzy spells, foul breath and a vile taste in my mouth.

"So much praise was being given to Dreco, the root and herb remedy I got some of it, and it was remarkable how it corrected my troubles. I never have gas in my stomach nor acid risings, my liver has been worked off thoroughly so that I don't get dizzy anymore. I feel good all the time, have fine appetite and sleep sound. Dreco is alright and I recommend it's use to my friends.

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

Twelve girls honored the seventeenth birthday of Miss Helen Peek last evening when they delightfully surprised her at her home in North Jackson street. The guests enjoyed the informal evening with music, games and contests. Miss Jean Harkless being the winner of the contest. At the close of the party the guests were invited into the dining room which was prettily decorated in the color scheme of pink and white. A large bouquet of asters and a birthday cake adorned with seventeen pink candles formed the decorations for the table. Delicious refreshments were served. The honored guest received many beautiful presents.

A bountiful pitch-in dinner was held Sunday at the home of Mr. and Mrs. Frank Simpson in honor of the former's sister, Mrs. Sarah Phillips of Grant county. The guests included Mr. and Mrs. John Simpson, Mr. and Mrs. Charles Simpson, Miss Mary Simpson, Mr. and Mrs. George Simpson, Mr. and Mrs. Frank Croddy, Mr. and Mrs. Bernice Grose, Mr. and Mrs. Bernice Pruitt and sons Robert and Lowell, Mr. and Mrs. Virgil Simpson and son Ward, Mr. and Mrs. Otis Carr, Mr. and Mrs. Grover Hawk and sons Howard and Ernest, Mr. and Mrs. Ed Wynes and son Norman, Mrs. Mary Barnes and daughter Gurthie, Mr. and Mrs. Charles DeMunbrum, Mr. and Mrs. Dallas Hardwick, Miss Lois Roger Paris, Miss Clara Hinchman, Clarence Simpson, Hilton Simpson, Virgil and Edith Carr, Donald Croddy, Wilma Simpson, Russell and Frank Young.

The Kelso-King reunion was held Sunday at the home of Mr. and Mrs. Ted C. King of Richland township. A bountiful pitch-in dinner was served at noon to the following guests: Mr. and Mrs. Charles H. Kelso, Mrs. Elizabeth Boatman of Topeka, Kansas, Mrs. Mary Kendrick of Brookville, Mrs. Hester King and William Williams of New Salem; Mr. and Mrs. Kenneth Kelso and son William, Mr. and Mrs. Randal Beck, William Dagler, Mr. and Mrs. Lon Kelso and daughter Miss Bernice of Rushville; Mr. and Mrs. Charles O. Kelso and daughter, Mr.

and Mrs. Don McKee and family of Newcastle; Mr. and Mrs. John Kelso and Mr. and Mrs. James McKee of Anderson; Mr. and Mrs. Ray Kelso and son of Indianapolis; Mr. and Mrs. Seth Kelso and daughter and Mr. and Mrs. Thomas Kelso and family; Mr. and Mrs. James P. Kelso and family of Arlington, Mr. and Mrs. Fred Kelso and family of Greenfield; Mr. and Mrs. Charles Dagler and daughter Leona of Hagerstown; Mr. and Mrs. Fred Dagler and family of Gings; Mr. and Mrs. Willard King and family, Mr. and Mrs. Lowell Norris and family, Mr. and Mrs. Roscoe Lefforge and family, Mr. and Mrs. Arlie Warlick, Mr. and Mrs. Clifton Stamm and family, Miss Axine Gwynnup and Kenneth, Virgil and Mildred Wilson.

The Five Hundred club was entertained by Mrs. Ed Pitman at her home in North Harrison street Tuesday evening. Light refreshments were served following an evening at cards.

The local Rebekah lodge will meet tomorrow night in their lodge room in West Second street. All members are urged to be present as the team will be organized for this fall.

Mrs. Flora Sutton, daughter of Joe Miller, and Frank Farley, son of Ward Farley, were united in marriage yesterday afternoon at the Main Street Christian parsonage by the Rev. L. E. Brown.

The Loyal Daughters class of the Main Street Christian church was entertained last evening at the home of Mrs. Wilbur Wilson in North Arthur street. An appropriate program was given, followed by a social hour during which refreshments were served. The assisting hostesses were Mrs. Russell Glendenning, Mrs. John Colvin and Mrs. Norman Crum.

The Freshman class of the Rushville High school, consisting of 63 members, will journey on a winter roast picnic tomorrow afternoon after school, and will go to the white bridge, two miles north of this city for the feast. The Freshman class is one of the largest in the school, and is thoroughly organized. The different classes in high school have planned picnics. Several teachers will accompany the Freshmen tomorrow afternoon and will act as chaperons for the party. They plan to leave at 3:30 in automobiles.

## TO BE SATISFIED WITH ONE MILLION

Continued from Page One said that Cox is no stranger to Wall Street and that big interests are supporting him.

Thompson was pressed for evidence to support his charges by Senator Reed, a democratic member when the committee recessed.

## RUSH CHAPTER WORK

Rush chapter No. 24 will begin work Monday evening September 24 when there will be work in the R. A. degree. Visitors will be welcome.

## Healing the Sick With Bulgarian Blood Tea

Hundreds of thousands of sufferers from stomach, bowels, blood and rheumatic ailments have been benefited and made healthy and happy once more from just one trial package of this remarkable pure herb preparation. For constipation, sick headache, lost appetite, sleeplessness, biliousness, liver, blood and kidney troubles, no remedy can compare with Bulgarian Blood Tea. Every family should have a package always on hand to protect the family health. To assist Nature to kill a cold, take it steaming hot, add a little lemon juice. Guard against influenza, grippe and pneumonia. Ask your druggist or grocer today.

## NOTICE OF ADMINISTRATION

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, executrix of the estate of George F. Sheldon, late of said county, deceased.

Said estate is supposed to be solvent.

MARY E. SHELDON.

September 20, 1920.

Attest: Loren Martin, Clerk Rush Circuit Court.

Douglas Morris, Attorney.

Sept. 22, 1920

Monday, Sept. 20th to Saturday, September 25th

## SEWING HELPS

### Super Lisle Elastic

Regal Elastic is made of heavy rubber strands and lisle threads of finest quality. We recommend it for its unusual strength and durability.

### Snap Fasteners

DeLong Snap Fasteners are our leading value—a quality of snap fasteners that fully satisfies.

## Home Sewing Week

is an event we have planned for women who delight in doing their own sewing. Complete displays of New Fall fabrics of the better quality are arranged for this special occasion. Lovely silks for dresses, waists and skirts, fashionable deep-toned woollens for coats and suits, and a variety of cotton fabrics for house dresses, undergarments, and children's wear. Trimmings and sewing helps are exceptionally well represented.

## Ready-made Inside Belts

Made up in all sizes with hooks and eyes rivetted on. Ask to see them.

## SEWING HELPS

Extra Fine Dutch Linen Tape

The need for good linen tape suggests Dutch Linen, which comes in a convenient packing, with each piece of average length.

## Kloster Sewing Threads

A lustrous cotton thread in all the wanted silk shades. Buy "Kloster" by the dozen spools for Fall sewing. It is our best thread value.

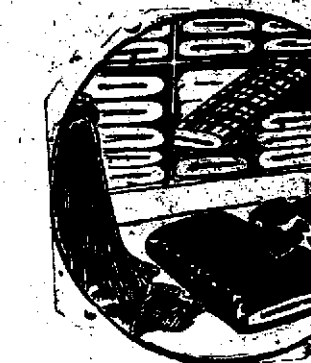

## Dressmaker's Pins

Come in one-half pound boxes in various sizes. Buy them for your home sewing.

## Perfection of Quality is Attained In These Lovely Autumn Silks

What a distinctly individual fall wardrobe one can plan with new silks of the type of those now ready for your viewing. The quality of the fabrics, the pleasing range of new patterns and colorings, the extraordinary values offered, all point to now as the logical time for choosing. Our silks suggest the very spirit of Autumn, exquisitely adapted for serviceable wear.

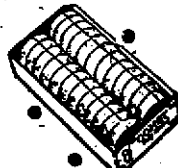

## Many New Patterns and Weaves in Woolen Fabrics for Fall

Home Sewing Week ushers in many new and lovely weaves in rich autumn colorings for Fall suits, frocks, skirts and coats. Every yard of these new materials ranks foremost for quality. There are new plaids and checks in medium weight materials—suitable for new skirts. Also serge, tricotine, wool velour and jersey in rich, deep-toned colorings for Autumn costumes.

### Puritan Rick Rack Braid

The acknowledged trimming for house dresses, aprons and children's dresses. "Puritan" is the superior quality that the name implies.

### Comet Stay Binding

The high quality of "Comet" Stay Binding makes it best suited for finest uses.

## SPECIALS

DARK AND LIGHT OUTINGS—27 inches wide, good quality at a yard—38c  
DRESS GINGHAMS—Special lots at a yard—38c and 45c  
APRON GINGHAM—Special, a yard—25c

The articles described here are Sewing Helps of the quality that every woman loves to use. They are shown in complete assortments in the notions department.

# The Mauzy Company

## Concerning Your Son

Hundreds of young men here will have opportunities in the next few years to buy into growing concerns or to establish new business enterprises. If your son is to be one of these men, you should have him cultivate, meanwhile, close relations with a good bank.

Call now with your son and introduce him to one of our officers.

## Rush County National Bank

RUSHVILLE, IND.

## WARNS SUGAR DEALERS

Washington, D. C., Sept. 22.—Price Expert Weatherly of the justice department today sounded a warning to sugar dealers not to boost their prices. There is no excuse for it, he said, and prospects are good for sugar. Weatherly urged housewives not to lay in a big supply of sugar, now that the prices are down, saying that it would give ground for reports of a sugar shortage.

## REFUSE NOMINATION

Paris, Sept. 22.—The radical group in the French national assembly today nominated Roan Peret and Leon Bourgeois to oppose Premier Millerand for president, Bourgeois, president of the senate, refused the nomination and Peret, president of the Chamber of Deputies, mentioned a possibility before Millerand, agreed to the nomination at that time, but refused to contest with Millerand.

Organs of hearing are found only in some butterflies and especially in those flying by day.

## PROBES BALL GAMBLING

Chicago, Ill., Sept. 22.—Charles A. Comiskey, owner of the Chicago White Sox, went before the county grand jury investigating alleged crooked base ball here late today. "The Old Roman" was the first witness to tell the investigators what he knew about reports and rumors of gambling in the national game.

## Determining Height of Mountains

The height of mountains is ascertained by barometric observation, showing the pressure of atmosphere at the lower and higher levels. An instrument called the mountain barometer is graded especially for this purpose. It can also be done with a leveling instrument and theodolite, but either way requires technical knowledge.

## Puritans Used No Wedding Ring

The Puritans of the seventeenth century used no ring at the wedding ceremony, as they considered it a pagan symbol and superstitious contrivance. All that was required was that the man and woman should join hands when stating their purpose to live together in wedlock.

## TWO MARRIAGE LICENSES

The following marriage licenses were issued yesterday afternoon Francis V. Bischoff of Indianapolis and Edith Wewee, daughter of Mr. and Mrs. Leonard Wewee of near this city; Frank Farley and Mrs. Flora Sutton of this city. Mrs. Sutton was granted a divorce from her former husband in this court last Saturday.

## STOP-ITCHING ECZEMA

Penetrating Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time, usually every trace of eczema, fever, pimples, rash, blackheads and similar skin diseases will be removed. By using the skin and making it vigorous, healthy, always use Zemo, the penetrating antiseptic liquid. It is not greasy, and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. © T. E. W. Hall Co., Cleveland, O.

# Farm

## Salesmen Wanted

Prospective farm buyers to the number of 7500 each week are writing to or calling at our offices in America's twelve largest cities as the result of our country-wide advertising.

We have sold more than 21,000 improved farms. We now wish to secure the services of reliable men to act as our local representatives in desirable farming sections in Indiana.

The capital business methods and reputation of the largest farm agency in the world, established in 1900, will be behind you and if you will do your part, your success is assured.

Unless you have been successful in other ventures and enjoy the respect and confidence of your townsmen, do not apply. Previous experience not necessary, but you must own an automobile.

Our business is paying capable men \$3,000 to \$7,500 yearly. State all particulars in first letter regarding your age, business experience and whether you are a property owner. All communications and information will be held in strict confidence.

## SALES JUMP IN FIRST TWO WEEKS

Real Estate Transfers Climb to \$135,655 Which Exceeds Any Period For Several Months

MANY FARMS ARE SOLD.

Biggest Transaction Is 160 Acre Farm in Walker Which Sold For \$34,400

Real estate transfers in Rush county took a bound for the first half of September, when the total sales recorded here amounted to \$135,655.00, which is almost double any previous two weeks period for several months.

A 160 acre farm was sold to Jefferson Lantz in Walker township by Clinton Banning, which brought the highest price. The consideration was \$34,400. A close second was a 99 acre farm in Anderson township, which brought \$24,805. This farm was purchased by Richard Fleehart from Elizabeth Ralston.

Many smaller farms were sold in the county, ranging from \$4,000 to \$12,000, but city real estate was not so strong during the two week period, the highest being \$10,500.

The transfers for the first two weeks in this month are as follows: George M. Helm and Anna C. Helm to Charlie J. Fisher, west half of the north half of Lot 166 in Pugh, et al, as Guardian's addition to Rushville \$10,500.

Richard Reed, et ux, to Hengate Wholesale Co., a parcel of land in Ripley twp., \$50.

Frank and Clara Willis, to Rolla T. and Armida J. Grocox, west half of lot 20 in Homer and a small tract adjacent to same, \$750.

Florence E. Pearce to Loyd T. Nelson, north half of lot 24 in L. Sexton's heirs second addition to Rushville, \$2,000.

James A. Root, et al, trustees' Milroy Lodge 204 K. of P. to Charles S. Houghland, part of lot 16 in the original plat of Milroy, \$1500.

Louisa Green to George E. Muire, lot 8 in Root and Smith's addition of Milroy, \$1100.

Minnie and Charles Rucker to Pauline Jane Morris, lot 11 and 12 in James W. Green's First Addition to Arlington, \$3500.

Grant Hinchman, administrator estate of Andrew Moffett to Orlando W. Jackson, a parcel of land in Glenwood near R. A. Durben's addition \$2200.

Mary J. Bohannon to Elsie McDaniel north half of lot 32 in L. Sexton's heirs second addition to Rushville, \$3,000.

Sarah E. and Clinton K. Banning to Jefferson Lantz, 160 acres in Walker twp., \$34,400.

Charles McDaniel, et al, to William C. Thompson, quit claim to 1 1/2 acres in Orange township, \$1.00 etc.

Charles G. and Elman H. Green to Mary and Bessie B. Knotts, part of lot 21 in L. Sexton's heirs second addition and a part of lot 7 in Norris Brothers' addition to Rushville \$1 and other considerations.

East Hill Cemetery Co., to Frank L. and Thomas E. Logan lot 149 in Section 9 of the cemetery, \$225.

Ulysses S. C. Miller, et ux, to Benjamin F. Stiers, 61 acres in Anderson twp., \$12,100.

Eliza L. Tunning and Silas Tunning, to Abe Trayler, lot 7 in Trees' and Spencer's addition to Manilla \$210.

East Hill Cemetery Co. to James M. Gwinn, lot 6 in Section 9 of the Cemetery, \$225.

Robert F. and Lillie M. Ramer to Bertha Tonyes, undivided one-half interest in 120 acres in Anderson twp., \$7,800.

Edward and Minnie Adkins to William N. and George Hinchman sub lots 21 and 22 in East Side Park addition to Carthage, \$80.

John E. Duncan to Wilbur E. Chance, lots 20 and 22 in Lillie M. Rea's addition to Falmouth, \$200.

Elizabeth R. Ralston to Richard and Alma W. Fleehart, 99.22 acres in Anderson twp., \$24,805.

Anna Geraghty to George F. Heck and Edna May Heck, lot 78 in Payne et al. Trustees Addition to Rushville \$2,000.

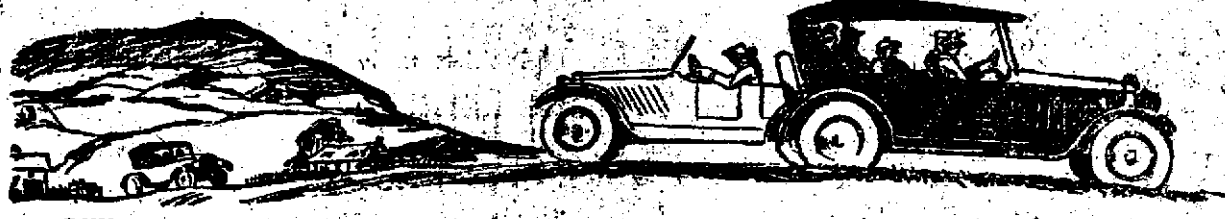

Ernest C. and Lillie A. Cummins, to Donald L. Mull and James W. Murdock a lot in Homer, adjacent to a lot owned by Homer Lodge 471, L. O. O. F., \$1200.

Lenora A. Blackledge to Charles S. Green, lot 3 and the north half of lot 2 in Citizen's Bldg., Loan and Savings Association Addition to Rushville, \$6,000.

John F. and Sarah E. George to Verne E. Lewis, 20 acres in Richland twp., \$3500.

Milton B. and Anna Huggins to George and William N. Hinchman, sub lots 15, 16, 17, 18, 19, 20, 1 & 2, \$3,500.

The world has 157,000,000 carats of diamonds.

## Look at the roads for twenty miles around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

II

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing what he is spending his money on, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

III

That's one thing we like about U. S. Tires.

They make no distinction between the small car owner and the owner of the biggest car in the country.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the very best tire they can give him.

Quality has always been the outstanding feature of U. S. Tires. There's no limit on the U. S. guarantee. All U. S. Tires are guaranteed for the life of the tire.

IV

We have given a lot of thought to this tire proposition. There is some advantage in being the representatives of the oldest and largest rubber concern in the world.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

# GERMAN PEOPLE ARE STARVING

The Rev. H. Wollam, Friends Minister of Spiceland, Draws Picture of Condition of That Country

## TUBERCULOSIS IS RAMPANT

Minister Wollam, Sent to London Conference of Friends and Touring European Countries

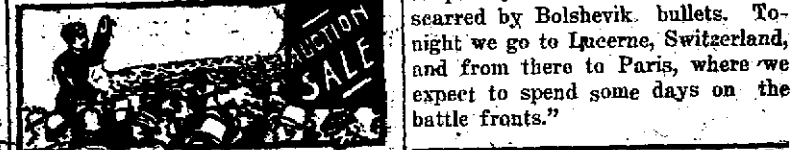

Newcastle, Ind., Sept. 22.—Germany, vanquished and starving, is the picture drawn by Rev. H. Wollam, Friends minister of Spiceland, in a communication to The Courier from Berlin. With laborers hardly able to buy one meal with a day's wage, and with tuberculosis attacking the underfed children, the German people indeed face a discouraging prospect, according to the minister.

Rev. Wollam was sent to the London conference of Friends by churchmen of Henry county. After attending the conference Rev. Wollam made a tour of European countries and made an especial investigation of the work of the American Friends' Service committee in Germany, with the intention of making a detailed report when he returned home.

Rev. Wollam arrived back in Spiceland last evening, probably having come across the Atlantic on the same boat with his communication to The Courier or very soon after.

Rev. Wollam's communication to The Courier is in full as follows: "Perhaps you will be interested in a line from an enemy country."

"I am now at a hotel on 'Unter Den Linden' in Berlin and one has a feeling that he is in the country of

## Middle Age at 35 or 60?

Physician Explains Why Lack Of Iron In the Blood Saps the Strength and Vitality and Often Makes Men and Women Look and Feel Old Before Their Time.

By Dr. Ferdinand King, New York Physician and Medical Author

Signs of old age are plainly to be seen in many a man and woman who ought still to be enjoying the rugged health and vitality of the early years of life. Yet often the real cause of their decline is nothing more than lack of iron in the blood and it is surprising how quickly these conditions are frequently corrected once the right kind of iron is supplied.

I am constantly coming across cases in my practice where people not yet 40 show much of the nervousness, lack of energy and general run-down condition which might possibly be expected to come twenty years later in life while others at 60 may still be young in feeling, mentally alert with steady nerves and strong bodies.

Whether we have health and long life is often a question which each one must determine for himself. Signs of old age are largely due to a deposit of waste matter in the blood vessels and cells of the body. Without plenty of strength-giving iron from the blood is utterly lacking in the

power to overcome this slow poisoning process and keep the body strong and healthy. To make up for this deficiency I usually prescribe organic iron like Nuxated Iron which by enriching the blood and creating thousands of new red blood cells helps renew the wasted tissues and build strength and energy to withstand the ravages of time. I know of no more simple means by which a person can find out if his blood needs iron than by making the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of delicate, nervous run-down people in two weeks' time in many instances. You can procure Nuxated Iron from your druggist on an absolute guarantee of satisfaction or your money will be refunded.

## LAUNCHES DRIVE TO WIN ORGANIZED LABOR

Republicans Have Support of Many Labor Heads Who Will Work For Senator Harding

JAMES CANVASSES ILLINOIS

Marion, Ohio, Sept. 22.—The republican drive to win organized labor over to Senator Warren G. Harding was formally under way today.

A number of labor men have been in Marion for conferences with the candidate. Each have gone away with the announcement he intends to work for the election of the republican labor ticket. This apparently was the republican counter offensive against the efforts of Samuel Gompers, president of the American Federation of Labor, to win the labor vote for Governor Cox.

Several labor leaders in outlining the extent of the situation regarding Senator Harding, declared "Labor is not so dissatisfied with its present condition as it is alarmed over what may come."

"I find that miners who are republicans are going to support Harding and those who are democrats are going to support Cox," W. James representing the American Mine Workers of Illinois, declared. He has been on the stump for Senator Harding.

"President Gompers' efforts to deliver the labor vote to the democratic ticket will fail just as it has always failed," he said. "The democratic effort to control the labor vote and particularly the miners resulted in failure because the working man has studied the record of the two parties and the candidates and their programs and has made such an appeal that the democratic propaganda has failed completely."

## TATTOOING IS DYING OUT

Few Service Men Contracted The Habit While in France

Washington, Sept. 22.—According to Marine officers, the practice of tattooing is fast dying out in the services. Few contracted the habit in France, and the higher type of men who have been joining the service ever since the outbreak of war, frown on the old predilections for the adornments that sea-faring men picked up in the South Seas and in China. One of the most common in the old days was the blue outline of a pig on the instep of the victim. This is still a great favorite in China where superstitious natives

## GOITRE

Removed by External Home Treatment for Dayton Lady

Note: It would be illegal to publish these statements if they were not true.

Mrs. Louise Will, 228 Gettysburg Ave., Dayton, O., says in her own home paper, the Dayton Daily News: "Sorbol Quadruple removed a goitre two years ago and it has never bothered me since. The pressure and throbbing on my throat was relieved in two days. The goitre disappeared in three weeks. I am glad to tell my experience even by letter."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with daily work. Leaves the parts in healthful normal condition. Requires ten minutes daily.

Get information at Johnson's Drug Store, drug stores everywhere or write Sorbol Company, Mechanicsburg, Ohio.—(Adv.)

## WHAT MAKES A BANK GROW?

Careful, thoughtful, diligent men and women are more likely to have money to put in a bank than careless, idle, thoughtless men and women.

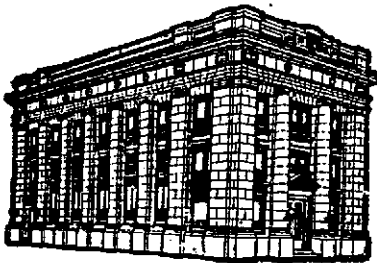

A careful person in choosing a Bank considers first, safe conservative management, and then—SERVICE—which includes Courtesy, Accuracy, sufficiently well trained men to do the bank's work quickly, smoothly and accurately.

He wants, also a commercial bank to be able to lend him as much credit as his business needs and is entitled to borrow.

So when you see a Bank grow from year to year you may know that it is the kind of Bank into which the kind of people who have money like to put their money.

THIS BANK WELCOMES NEW BUSINESS.

believe that the device is a sure fetic against death by drowning, and from China sea-faring men and adventurers carried the device, often not knowing its significance, into general use.

## IS PRINCIPAL AT CADIZ

Charles C. Updike, at Milroy last Year, Accepts Henry Co. Place

Charles C. Updike, formerly of Milroy and this city, has accepted a position as principal of the Cadiz high school in Henry county, according to an announcement in the Newcastle Courier.

The authorities experienced much difficulty in obtaining a principal for the Cadiz school and finally made a contract with Mr. Updike. The former Rush county man was principal of the Milroy high school last year and previous to that time was principal at Manila. During the time that he was at the head of the Manila school, Mr. Updike was a resident of Rushville.

## WARFARE MAY BE RESUMED

Clashes Reported Between Sinn Feiners and Government

Dublin, Ireland, Sept. 22.—Increased frequency of clashes between Sinn Feiners and government forces today indicated a resumption of guerrilla war fare.

Sporadic fighting between soldiers and Sinn Feiners brought a death toll yesterday when Inspector Burk of the police department, was shot dead from ambush. His brother was seriously wounded.

In the heart of the city a mass of "republicans" defended a small body of soldiers. There was a sharp fight. Two soldiers and two civilians were wounded. Minor clashes throughout the district were reported.

TOKYO.—A party of government officials and legislators acted as the escort for the American Congressional party on its visit to Japan, just concluded.

## FARM ANIMALS

### POINTERS FOR BEEF GROWERS

One Method of Bringing Down Prices of Meat is Improvement in Type of Animals.

General improvement in the type and quality of beef animals the country over is one of the means urged by the United States Department of Agriculture for bringing down the high cost of meat to the consumer and, at the same time, increasing the profit of the producer. Some of the most es-

The Demand for Purebred Stock is Steadily Increasing.

essential items in growing beef on the farm, specialists of the department say, are:

Plenty of pasture and feed.  
The right kind of cows—those that will produce good calves regularly.

A good, pure bred registered bull—one that will sire good calves persistently.

A large calf crop. This means that all cows shall drop calves, and that the calves shall be properly cared for at birth.

Proper care of the breeding herd and the calves.

Selection of good heifer calves to replace old or inferior cows.

Prevention of disease among the breeding herd and the younger stock.

Shelter sufficient to protect the cattle from both severe cold and extremely hot weather.

A practical knowledge of fattening cattle for market.

Marketing to advantage.

There is a farmers' bulletin, No. 1073, on growing beef on the farm that may be had free on application to the Division of Publication, United States Department of Agriculture.

### RULES FOR LIVE STOCK MEN

Satisfied Purchaser is Best Advertisement and Breeder Should Live Up to Guarantees.

Here are ten good rules for live stock breeders, vouched for by the animal husbandry men at the New York State College of Agriculture at Ithaca:

Be honest.  
Choose a breed, and stick to it.  
Breed with the correct type in mind.  
Study pedigree for inherited characteristics, relative merit and value.

Keep your herd or flock free from disease.

Develop the young animals and maintain the breeding animals through wise feeding and management.

Boost better live stock in your community.

Advertise judiciously.  
Exhibit at the county, state and other live stock shows.

Remember that a satisfied purchaser is your best advertisement. So be prompt in registering and transferring animals, and make good all guarantees.

### Dry Farming.

Dry farming is a scientific farming of land where there is a limited or unfavorable distribution of rainfall. Irrigation is not practiced, the fertility and moisture of the soil being managed by a system of deep cultivation, rotation of crops and the "plowing in" of green crops.

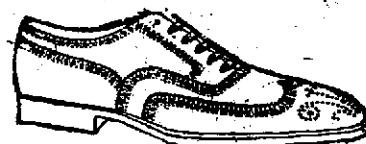

### To Destroy Red Ants.

Soak a sponge in sweetened water, wring and place where the ants have easy access to it. They will swarm over it and through it. Drop the sponge in boiling water and repeat the operation until the colony becomes alarmed at the loss of its workers and abandons the premises.

\*\*\*\*\*  
The Worst is Yet to Come  
Washington, Sept. 22—When Captain Newton Best, commanding a company of Marines at the Pearl Harbor naval station in Honolulu, read that Private C. R. Worst had been declared by Brig. Gen. Smedley D. Butler as the smartest, sea-soldier at Quantico, Va., he immediately filled out a requisition blank for Worst. The form followed, although not strictly according to General Hoyle's read: "It is requested that Worst be put in Best's company." Now it is up to Worst whether he wants to serve, a few thousand miles from his home in Elizabeth, N.J. Only in Honolulu the news was running up to the captain. "The Worst is yet to come."

### DECLINE IN PRICES OF MEAT

Bureau of Crop Estimates Notes Drop in Amount Paid for Pork, Beef, and Mutton.

The advance in the monthly average price of hogs per 100 pounds received by producers, which began with February, 1916, comparison being made with the same month in the preceding year, continued without a break in August, 1919, and the advance was from \$7.07 to \$10.30. Since August, 1919, the fall from month to month was continuous to \$12.66 in December, followed by a rise to \$13.36 in January, 1920, or \$2.33 below the January price in 1919, according to the reports of the bureau of crop estimates, United States department of agriculture.

The average price of sheep per 100 pounds received by producers throughout the whole year had an upward movement from 1913 to 1918, from \$4.54 to \$10.94, the principal increase being in 1917. The average for 1919, \$9.58, is a drop of \$1.36 from that for 1918, or 12 per cent.

From 1915 to 1918, the average price of beef cattle per pound to producers invariably advanced from year to year in each month and the advance continued from 1918 to 1919 until May, after which month the average price in 1919 fell below that of 1918 in each month, and the average price for January, 1920, was \$8.90, or 66 below that for January, 1919. In the upward movement, the highest monthly average price reached was \$10.84 in May, 1919.

Venel calves gained in average price in every month of every year since 1915, the comparison helps with the same month of the preceding year.

It Costs No More to Feed a Purebred Hog Than It Does a Scrub.

and the price being per 100 pounds to producers. The yearly average price rose from \$7.63 in 1915 to \$12.74 in 1919.

Eskimos of Alaska are decreasing in population.

# Grove's Iron Tonic Syrup

## Pale Children Need Iron

Iron in Syrup form is more readily digested and assimilated than Iron Pills or Iron Tablets; and naturally you get quicker results. The Iron in GROVE'S IRON TONIC SYRUP is digested as soon as it is swallowed and, therefore, is promptly assimilated. You can soon feel its Strengthening, Invigorating Effect.

The Syrup is flavored and children love to take it. Contains no Nux-Vomica or other poisonous drugs, therefore, it can be given to The Babe, The Child, The Mother and The Grandmother with perfect safety.

### Grove's Iron Tonic Syrup

Price 60 Cents.

## Looks Like a Stove — Heats Like a Furnace

Get two heating systems in one. Not just a stove, not a furnace, but a combination of both. Note the pipes on each side. Fresh air goes in at the bottom — warm air comes out at the top. Creates constant circulation of warm air that will heat several rooms.

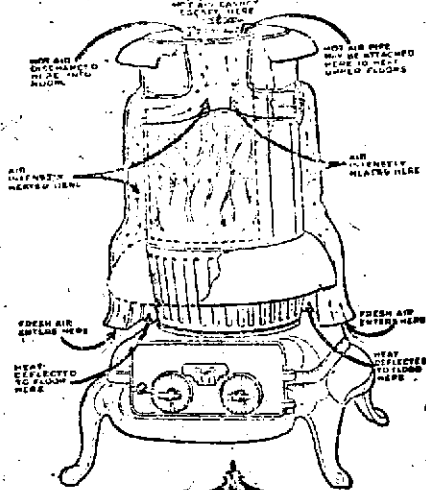

Come in and see this new heater — the

## Estate Hot Storm

— the Stove with a "Little Furnace" in it.

If you are using an ordinary stove, this double heater will save you a large percentage of the heat that now goes up your chimney. Don't waste valuable fuel. Make your fuel give you two kinds of heat instead of one — direct radiation and warm air circulation. Come in and learn how you can save a big share of your fuel bills with an Estate Hot Storm by getting it now. Burns any kind of fuel.

#### Alice Brady at Princess Today

It wasn't leap year. But the girl knew her own heart. Unfortunately, the man she loved didn't know his. He was a noted doctor and he knew a lot about spines and nerves and things, but nothing about that most fascinating and wonderful thing in the world—a woman's heart. He had done just about everything he could think of to hurt and humiliate and bribe the heart of the one woman in all the world who had ever really interested him. And in spite of his cleverness he still remained in dire ignorance of the state of her heart and his own. Things were really at a pretty pass. The girl was as proud as a Lady Lucifer, proud enough to dare to be humble to him! It takes real pride to dare so much as lovely Katherine Dereham dared. Was he worth it? Well she thought so. Maybe you will think so too, when you know all the facts in the case, which will be presented in the Princess theatre today. The play is "A Dark Lantern", the picture a Realart success, the star is versatile Alice Brady, supported by one of the strongest casts ever gathered for one of her picture-dramas, and the director John S. Robertson, the man responsible for many of the best pictures you have ever seen.

#### "Little Blue Devil"

Refreshing exercises under the guise of "The Little Blue Devil" with Mabel McCane as the featured player, make their entree at the Shubert-Murat theatre, Indianapolis, for one week, commencing Monday, September 27.

With Miss McCane comes a cast of many names known to Broadway theatergoers. Harry Puck, for instance, is new here except that some years ago he played in the varieties under the firm name of Harry and Eva Puck. His sister Eva is now one of the outstanding favorites in "Trene". In "The Little Blue Devil" Harry is the male imp which gives him opportunity to dance, sing and play the piano, all of which he does very well.

Wilbur Cox, known from "Three Showers" on Broadway, Frank Dawson who played the villainous butler in "At 9035", Alma Youlin, Elsa Thomas, Julie Burnett, Merle Steyens, Edward Wakefield, and George Phelps are among the notable members of the cast.

"The Little Blue Devil" is on its way to Chicago where it opens at the Shubert-Garrick Theatre late in November. The history of this comedy is interesting. It first appeared some years ago as "The Blue Mouse" from the pen of the late Clyde Clyde Fitch. Last spring it was revived by Joe Weber who secured the services of Harry Carroll and Harold Atteridge to write music and adaptation. It first appeared with its new dress in Philadelphia and then went to New York.

Mabel McCane was chosen for the title role some years ago, but her contracts in vaudeville theatres delayed producing the musical comedy. Songs were written especially for her. The story concerns an ambitious railroad secretary who seeks promotion by involving his chief, the railroad president in all sorts of tangles with an actress known as "the blue devil".

Mr. and Mrs. Roseoe Linville and daughter Louise spent Thursday night and Friday in Indianapolis.

There will be a pie supper at Freeman's school house Friday evening. Everyone is invited.

Mrs. Joe Pike and Mrs. Kenneth Hellman spent Monday with Mrs. Grace Tarplee.

LONDON—Ten airplanes now comprise the fleet that takes tourists from the capital to Stratford-on-Avon, Shakespeare's birthplace.

## Goodyear Tires for Small Cars Are Popular Because Economical

There is nothing but disappointment in buying cheaply made tires that are announced as wonderful bargains at a few dollars each and then fail after brief terms of service.

Get exceptional mileage at exceedingly low cost in Goodyear Tires, of the 30x3, 30x3½ and 31x4-inch sizes, built of Goodyear-selected materials and with Goodyear skill and care.

Due to their precise manufacture in the world's largest tire factory devoted to these sizes, their quality is most economically produced and therefore most economically employed.

If you own a Ford, Chevrolet, Maxwell, Dorr or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; ride farther and fare better.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3½ size \$4.50 in waterproof bag

## COAL PRODUCTION HIGHER

H. W. Little, Secretary of Southern Indiana Bureau, Makes Report

(By United Press.)  
Evansville, Ind., Sept. 22.—Coal production in the Southern coal region of Indiana showed an increase during the period from April 1920 to Sept. 1, as compared with the same period during 1919 according to reports made public today by Harry W. Little, secretary of the Southern Coal bureau here.

The number of hours the miners worked exceeded the working hours for 1919 by nearly 1,000 hours, according to the report.

## When a Doctor Sneezes

Doctors, out in all kinds of weather, suffer frequently from colds yet seldom seriously.

There's a good reason. Doctors realize the danger and upon appearance of the first symptoms of cold begin taking medicine to check its progress.

Follow the doctors' example and you too will escape the serious consequences of neglect. Take Laxative Quinine Tablets as soon as you feel a cold coming on. They stop a cold right off; ward off fever, cleanse intestines; never grip or sicken. Druggists guarantee them—only 25c a box.
